1. Dr. Ed Williams, P.O. Box 361626 Decatur, Georgia 30036 - My Name is Ed Williams, I have lived in unincorporated south DeKalb for over twenty years. I am the chair of the group Concerned Citizens for Effective Government. DeKalb County is the 4th largest county in Georgia, with a large majority African American population. What manner of leadership will the commission provide to move us forward? Thanks to the actions of the county and the state we survived the COVID-19 pandemic now the tax man is going to take our homes. At the end of June, many of us may be put out of our homes and apartments because the eviction and foreclosure moratorium will end that was put in place because of COVID-19. I received my tax bill for this year and it has increased by over 21 percent in one year. This cannot stand. I will certainly appeal my bill. I encourage everyone to appeal their property tax assessment. What is really going on? Has the commission lost touch with reality? How can people pay these higher taxes? Everyone did not get a sixty percent pay raise like the commission. What we need in this county are good-paying jobs, not more taxes. Instead, we are getting less and paying more. There seems to be a disconnect with reality. People are struggling to make ends meet. Is it the county policy to give out Girl Scout cookies and then increase our taxes? I support the Girl Scouts and their mission. I have purchased Girl Scout cookies in the past. How did the county without an announced competitive process to purchase the cookies make such a large purchase? What legal authority did the county use to waive the purchasing policy? Instead of the county using our tax dollars to buy forty thousand Girl Scout cookies, and to increase your salaries by 60 percent, the commission should buy tag readers and come up with a program to assist the homeowner associations and neighborhood watch programs to buy security cameras in their communities. What do citizens get in return for a 21% percent tax increase? More corruption with no-bid and rigged contracts, more dollars stores, more high-density townhomes, and inadequate water and sewer infrastructure to support the development, bloated school system with underachieving schools, fewer banks and fewer grocery stores, and more fast-food restaurants. As part of the County business license process, businesses that have parking and walk-in customers should be required to have surveillance cameras. Those businesses should be required to have security at night and should have proper signage and lighting. The commission should reduce the millage rate so that our tax bill is the same as it was last year. The people cannot afford these tax increases and keep their homes. I ask the commission, what is going on? Thank you

2. Jamie Cooley, (No Address) - I am Jamie Cooley and I live in Belvedere Park, Decatur, Dekalb County. Because of COVID I became unemployed since late March of 2020 after being an active, and professional server for Buckhead and Midtown restaurants for over 11 years. Since I am the primary care giver for my children, I had to leave my job to monitor virtual homeschooling and I've been put into a position to find sustainable work from home. The importance of children's education and lack of employment has resulted in me not being able to pay rent or utilities. Since I am still waiting on unemployment since June 2020 (I have still not received my unemployment under the CARES Act from the state of Georgia, and I'm still waiting and it's June 2021) I have had to reach out to several different local organizations and have not received help due to lack of funds. In addition, I applied for assistance with the Tenant Landlord Coalition and have not heard anything back in 4 months, even though I have fulfilled all requirements on my end, and an agreement was reached with myself and my landlord, we are still waiting to receive funds. Also no one from the magistrate court, the TLAC office or the Goodwill of North Ga can tell me when my balance will be adjusted or what step my process is in, like has the judge approved the order? When will the funds be released? I was only told by someone in the TLAC office is that "the judge is taking their time, and there is no timeline". Due to the long extensive wait on applied funds (even though we had deadlines) I have falling even further behind due to late fees. With no guarantee I will receive any assistance, Even though a contract was signed, I and my two children

will more than likely be in a threat of eviction and become homeless once the marshals come to carry out dispossessions at the end of the moratorium. I do not want to speak this in the universe or have this reality circulating but I have to inform you of the possibility and how it's imperative that mothers who have had to leave the work force, and stay home to monitor virtual education and home school, that we need some of that 147 million from the American Rescue Act to come to us! We have had to become full time teachers while looking for work full time. To stop this tragedy from happening to me or any other Dekalb Co. resident, I ask the leaders of Dekalb County to swiftly release additional funding to local nonprofits or directly to families (because some of these nonprofits and people who work for them, have low vibrational attitudes and perspectives, and at times hinder the speediness of getting the help thousands of people like me to stay in our homes.) Thank you

3. Karamo Wright, 4969 Central Drive, Apt K176, Stone Mtn, Ga 30083 - My name is Karamo Wright and I live at 4969 Central Drive, Apt K176, Stone Mtn, Ga 30083. Because of the pandemic, My hours at my job as a construction worker have been drastically reduced and after my car went down I wasn't able to work my part time job. Being a father of 2 and having a disabled wife, I could not work at times due to virtual schooling and my wife being sick. Though I qualified for unemployment benefits, I never received them and now I am over \$7,000 behind on my rent. I applied to the Tenant Landlord Coalition the first day applications opened but still haven't heard anything back. I am now under eviction and cannot move anywhere else due to having an open eviction case and increased rents all over the county. The complex will not accept partial payments, only full payment. I am stuck. In my complex alone I know there are 36 families in my same situation, and I've heard that in the county there are almost 10,000 folks under eviction. I plead with you, for us and our kids, please quickly send adequate funding to the nonprofits who can help us before the marshals come to our homes to kick us out soon. We cannot wait any longer. Thank you

4. Stephen Binney, (No Address) - Good Morning Commissioners, Mr Bradshaw, I apologize for not making it to the kick-off of your re-election campaign, hosted by Dekalb County District Attorney Sherry Boston, a couple of weeks ago at the Marley House. I didn't have the \$100 to \$2000 "donation" needed to be allowed in to see you. I also thought you ran unopposed and were re-elected to your current post last November. I did notice that all but two people listed on the invite have current contracts with Dekalb County or have had or will have Zoning issues with the County in the recent past or near future. Including Ryan Millsap and the company involved with the recent Blackhall Studios land swap deal. Did the size of the donation determine how much face time each person received that night? All of this adds up to more than re-election. I want to officially announce today that Stephen Bradshaw is running for CEO of Dekalb County in 2024. I hope you will appoint someone to the Charter Review Commission unlike our current CEO. COO Williams, you explanations regarding the private audit just get worse and worse. The County insists that the auditor didn't give County officials a chance to respond. The County did not want to respond to the auditor. He asked to interview contractors and was denied. His requests for records and work orders were mostly ignored. COO Williams uses Audit Board Auditor John

Green in an attempt to discredit the report saying he wouldn't have handled this report as Jeff Hill did and would have gone into more detail. How can a proper audit be done when the County refuses to help and allow the details to be seen by the auditor? The County must have refused to further the audit investigation because it knows what is going on is illegal. Our internal controls are nonexistent or not enforced. And now CEO Thurmond says that County policy "recommends" but does not "require" that Dekalb County departments

respond to the findings of internal audits like the one Mr Hill conducted unlike one that might be done by Mr Green. And all the internal auditor got for trying to help Dekalb County was fired. What kind of message does that send to current employees who see or suspect corruption? What kind of lessons do our children learn from us when we act this way? Mr Larry Johnson, leading the way to Swap good park land for a piece of "urban blight". Ryan Millsap has spent the last two years hiding his plans and obscuring facts about his intentions." Mr Millsap has now publicly admitted that the new owners of Blackhall are not beholden to keep any of the empty promises he made. Although I believe you knew what was going to happen all along, you might not be alone in this Mr. Johnson. After looking through some Campaign Financial Reports there are some interesting entries in Steve Bradshaw's and Mereda Davis-Johnson's fillings also. Thank you for your time and consideration 5.

Angelique Hobbs, The Retreat @ (Stone Mtn). Ga, 30083 - My name is Angelique Hobbs and I live in The Retreat @ (Stone Mtn). Ga, 30083. Because of the pandemic, I lost my job as a restaurant supervisor. Being a single mother of 5, I could not work due to virtual schooling. Though I qualified for unemployment benefits, I never received them and now I am \$3,000 behind on my rent. I applied to the Tenant Landlord Coalition the first day applications opened but still haven't heard anything back. I am now under eviction and cannot move anywhere else due to having an open eviction case. The complex will not accept partial payments, only full payment. I am stuck. In my complex alone I know there are 40 families in my same situation, and I've heard that in the county there are almost 10,000 folks under eviction. I plead with you, for us and our kids, please quickly send adequate funding to the nonprofits who can help us before the marshals come to our homes to kick us out soon. We cannot wait any longer. Thank you

6. Ellie Thaxton, 775 Northern Ave, Clarkston - Dear CEO Mike Thurmond, COO Williams, and Dekalb Board of Commissioners, My name is Ellie Thaxton, and I live at 775 Northern Ave, Clarkston. During the pandemic I have worked alongside several nonprofits to help Dekalb residents apply for rent assistance. Once all the nonprofits ran out of Dekalb CARES funding, we started referring people to the Tenant Landlord Coalition (TLAC), thinking \$21 million was enough to help everyone. However, we are shocked that in 4 months, TLAC has only dispersed \$700,000 (meaning a couple hundred people have received assistance). The vast majority of applicants haven't received a single correspondence from TLAC, and thousands more never even got a chance to apply. All the nonprofits are out of funding and these tenants have nowhere to turn. Though well- intentioned, this program has proven to be an inefficient bottleneck. At TLAC's current rate of spending \$175,000 a month, it will take them another 10 YEARS to spend their funds, way after the eviction moratorium expires and marshals start coming to kick people out of their homes June 30. Today, 9825 eviction cases are open in Dekalb County, most of those being Black single mothers and their children. These families need help NOW and cannot wait any longer. In the fall, a group of partner nonprofits proved they were able to distribute millions in Dekalb CARES funding for rent, mortgage, and utilities assistance to needy Dekalb citizens in a swift manner (\$4 million within 4 months). I believe that the courts are not equipped or staffed to run such a large rent assistance program the way the nonprofits are, as nonprofits do this kind of work daily. We petition Dekalb County to allocate \$10 million of American Rescue Act Funds to nonprofits to save renters today. Either reallocate TLAC funding, or allocate remaining Rescue Act Funding, but not doing nothing can't be an option! Keeping these people sheltered must be part of your public safety budget, as increased homelessness means more safety concerns for our county, and more spending in policing, child welfare, social services, rehousing, and the cost of people exiting the workforce. Four times as many housing-insecure women report domestic violence compared to those who receive stability through rental assistance. I personally have clients whose children may go into foster care when their eviction goes through. Without your action, thousands of

families and their children will suffer needlessly, and increased homelessness will cost us all much, much more in the long run. Thank you in advance for your attention to this serious matter. I have emailed you all and am waiting for your response.

7. Paula Bosworth, 2845 Whitby Dr., Doraville, 30340 - Dear CEO Michael Thurmond and DeKalb Board of Commissioners, My name is Paula Bosworth, and I live at 2845 Whitby Dr., Doraville, 30340. I am writing on behalf of myself and Indivisible Marching Buddies of Atlanta, a group of 300-plus progressives living in DeKalb County. During the pandemic I have been following the work of nonprofits which help DeKalb residents apply for rent assistance. I have since learned that although residents were referred to the Tenant Landlord Coalition (TLAC) for rental assistance, in four months' time only \$700,000 has been dispersed out of an allocation of \$21 million. One group has estimated that fewer than 350 people have received assistance. Many who applied have not heard a status, and more never even had a chance to apply. This means that thousands will be evicted before their applications for rental assistance have even been processed. Currently, more than 9,000 eviction cases are open in DeKalb County, and many of those those involve Black single mothers and their children. At the current rate, it would take TLAC another year to disperse the allocated funds, and that will not occur until after the eviction moratorium expires and law enforcement starts arriving to evict people out from their homes beginning June 30. These families need help NOW and cannot wait any longer. In the Fall, a group of partner nonprofits proved they were able to efficiently distribute millions in DeKalb CARES funding for rent, mortgage, and utilities assistance to needy DeKalb residents in an expeditious manner (\$4 million within four months). We petition DeKalb County to reallocate \$10 million of American Rescue Act Funds to those proven nonprofits to save renters today. Either reallocate the funding from TLAC or allocate funds from the Rescue Act that have not yet been distributed. Keeping DeKalb families sheltered, particularly the families of single Black women, must be part of DeKalb's public safety plan, as increased homelessness means more burden on the county in the form of policing, child welfare, social services, and rehousing. Four times as many housing-insecure women report domestic violence compared to those who receive stability through rental assistance. Without your action, thousands of families and their children will suffer needlessly, and increased homelessness will cost the county much, much more in the long run. Please act in support of DeKalb residents who currently face an imminent threat of eviction.

8. Angela J. Riccetti, Managing Attorney Atlanta Legal Aid Society, Inc., 246 Sycamore Street, Suite 120 Decatur GA 30030 - Dear Commissioners, It's our understanding that DeKalb County will have an additional \$17,108,526.70 for emergency rental assistance through the American Rescue Plan Act, with \$7,611,643.50 allocated to the highest-need areas, where job loss and high market costs have made it especially difficult for low-income renters. Together with this additional financial support, the Treasury Department has provided significant new guidelines to ensure that this money gets where it needs to go as quickly as possible, to prevent evictions and secure housing stability. Here are the guidelines that we feel are most key to meeting these goals:

1. Tenants can get direct aid when landlords refuse to participate. The county is not limited to just paying rent to a future landlord.
2. We only need to wait 5 days after submitting a proposal to the landlord before that aid is made available to tenants.
3. Tenants can get assistance toward future rent even when they have paid off their arrears.
4. Tenants can get money directly even before a landlord is offered the money. This might be especially helpful for tenants who are seeking future rent help. Rather than pay the money through a landlord, the county can just cut the check to the tenant. Hopefully that would eliminate some complications in the processing.

Tenants can use that money not just for rent, but for moving costs, application fees, security deposits, etc. If

DeKalb's parameters were to change to reflect this new guidance--making it possible for tenants to get the money that would otherwise have gone to landlords--we believe tenants will be in a much better position and the money can be distributed without waiting for a landlord to respond. And here's a link to the FAQs, for reference: https://home.treasury.gov/system/files/136/FACT_SHEET-Emergency-Rental-Assistance-Program_May2021.pdf Legal Aid works daily with DeKalb County's most severely impacted tenants, and also continues to work closely with the Court through the TLAC program to connect tenants with rental assistance. We are aware of both the realities on the ground for tenants, and the logistics involved in processing a high volume of cases. It is our opinion that adopting Treasury's guidelines will enable DeKalb County to stave off homelessness for thousands of its citizens. We will have staff present for tomorrow's meeting, and are willing to answer any questions about TLAC that the commissioners have. Thank you very much for your time and your service.

D. 10:00 A.M. PUBLIC HEARING

The DeKalb County Board of Commissioners will hold a Public Hearing during its Regular Business meeting on Tuesday, June 8, 2021 at 10:00 a.m. This meeting will be conducted via teleconference (Zoom). Simultaneous public access to the meeting will be available (1) via live stream on DCTV's webpage, and (2) DCTVChannel23.TV. The public is invited to watch the broadcast on DCTV's UStream link (<https://video.ibm.com/channel/dctv-channel-23>), or join the meeting using the Zoom link (<https://dekalbcountyga.zoom.us/j/7753778046>), or by telephone (602-333-0032 or 888-270-9936, conference code: 217687). For those joining the meeting by telephone, please be aware that your phone number may be displayed to the public viewing or participating in the online meeting. The Board will provide 15 minutes of time for citizens to speak in favor of an agenda item, and 15 minutes for citizens to speak in opposition.
