A. Terms of Your Order

1. Agreement

a. Public Sector Agreement for Oracle Cloud Services **US-CSA-CPQ-QT5065** effective 10-MAR-2016

2. Payment Terms:

a. Net 30 days from invoice date

3. Payment Frequency:

Quarterly in Arrears

4. Currency:

US Dollars

5. Offer Valid through:

15-NOV-2019

6. Services Period

The Services Period for the Services commences on the date stated in this order. If no date is specified, then the "Cloud Services Start Date" for each Service will be the date that you are issued access that enables you to activate your Services, and the "Consulting/Professional Services Start Date" is the date that Oracle begins performing such services.

7. Service Specifications

The Service Specifications applicable to the Cloud Services and the Consulting/Professional Services ordered may be accessed at <http://www.oracle.com/contracts>.

B. Additional Order Terms

1. Additional Fees for Any Increased Usage/Capacity

As described in the Oracle Government Tech Cloud Service Descriptions document available at <http://www.oracle.com/contracts>, if you in a given month exceed the quantity of services specified for any of the Cloud Services listed in the tables above section A with "Government" in the product name ("Government Tech Cloud Services"), then you must pay for such increased usage/capacity at the Unit Net Price specified in this order.

a. You must allocate funds for additional fees for any increased usage/capacity of Government Tech Cloud Services under this order.

b. The increased services shall be equal to the actual number of increased usage/capacity in a given month less the quantity of services ordered for that given month under this order.

c. You will be invoiced directly for the additional fees applicable to such increase in your usage/capacity, monthly in arrears.

d. Such invoice shall not require a separate ordering document, and your use of such increased usage/capacity of Cloud Services will be pursuant to the terms and conditions of this order.

2. Clarification Regarding Unit Net Price for Certain Cloud Services

The Net Fees shown in the tables above section A are based on the actual discounted price; however, the tables above section A display values only up to two (2) decimal places. The actual Unit Net Prices displayed to eight (8) decimal places for the cloud services listed in the table above section A are listed in the table below, and any references to unit net pricing in this ordering document shall be interpreted to mean the actual unit net pricing specified in this section B.3. Notwithstanding the foregoing, the total fees for all cloud services specified in the tables above section A reflect the sum of the actual Net Fees based on the actual Unit Net Prices (and any applicable discounts) for the cloud services. Prices and fees are listed in U.S. Dollars.
