Re: Request for Consent to Assign Contract 1218886 Self contained breathing apparatus repair and Maintenance. (the "Agreement") by and between the Dekalb County and Municipal Emergency Services, a corporation (f/k/a Municipal Emergency Services, Inc.) ("MES" or "we").

To whom it may concern,

We write to inform you that MES has internally reorganized the company to better serve our customers which included revamping our contracting systems (the "Reorganization"). As part of the Reorganization, we intend to assign the Agreement (the "Assignment") to our MES Service Company, LLC (EIN: 33-1848433). Pursuant to the Agreement, **we request your consent to the transfer of MES's rights and obligations, including all orders, proposals, modifications, amendments, addendums, extensions, and statements of work under the Agreement.**

Our business relationship with you will not change. There will be no disruption to the existing services and pending orders, and you will still interact with the same MES team as before. The Reorganization closed on or about December 31, 2024.

To affirm your consent to the Assignment, please countersign this letter and return it to us via email to Pat Boccio at pboccio@mesfire.com at your earliest convenience. If you have any questions regarding the MES Reorganization or this letter, feel free to contact me at pboccio@mesfire.com or 203-304-7000.

Thank you for your ongoing partnership and support during this process.

Sincerely,
MUNICIPAL EMERGENCY SERVICES, LLC
