Verification of the CPI-U:

If it uses the full calendar year (Jan 1–Dec 31), compare December-to-December indices. When comparing Dec 2023 to Dec 2024 — find the CPI-U index values for those months and calculate using: (CPI-U for Dec 2024 minus CPI-U for Dec2023) divided by CPI-U of Dec 2023 times 100.

For example,
compute percent change
in (100%)
