

ITB No. 20-101212 Scott Candler Water Treatment Plant - Ozone Generators Design and Installation

User Department's Recommendation

User Department Name: The Department of Watershed Management - CIP

Recommended Bidder(s) meets our approval.

Bidder 1: Heavy Constructors, Inc.
Name/Amount

Project Amount This Term: \$7,112,900

Funding:

General **Enterprise** **Other: Renewal and Extension**
CIP Line Item No. (if applicable): 29

3 Digit Fund Code _____

Justification:

The Department of Watershed Management (DWM) received two (2) bids for ITB No. 20-101212 Scott Candler Water Treatment Plant-Ozone Generators Design and Installation from:

- 1- Heavy Constructors, Inc. - \$7,112,900
- 2- Reeves Young, LLC: \$8,368,795.76

The engineer's estimate was \$8,350,000. The low bidder's (Heavy Constructor's) estimate was approximately 15% below the engineer's estimate.

The DWM evaluation has resulted in Heavy Constructors, Inc. being deemed the lowest, most responsive and responsible bidder meeting the minimum requirements of the ITB. Therefore, it is the recommendation of the DWM that a contract for this project be awarded to Heavy Constructors, Inc. in the amount not to exceed seven million, one hundred twelve thousand, nine hundred dollars (\$7,112,900.00).
