**Invitation to Bid
Annual Contract
Vacuum Truck Services
Cobb County Water System
Sealed Bid #24-6825**

Introduction

The Cobb County Water System (“Water System”) is soliciting bids from qualified vendors (“Vendor”) to provide vacuum truck services for the Water Protection division of the Water System. The services required for our four (4) Wastewater Reclamation facilities and twenty-nine (29) lift stations are of critical importance due to the necessity of its function to our community.

Bids shall be received **before 12:00 PM on April 11, 2024** at the Cobb County Procurement Services Department located at 122 Waddell Street NE, Marietta, Georgia, 30060. Late bids will not be accepted.

Any questions concerning this bid must be submitted in writing to:

Cobb County Procurement Services Department
122 Waddell Street NE
Marietta, GA 30060
Fax: 770-528-8428
Email: procurementservices@cobbcounty.org

Please submit an original, one (1) copy and one (1) flash drive containing an identical electronic copy, labeled with vendor name, of your bid.

The deadline for questions to be submitted is 5:00 PM on April 2, 2024.

Scope of Services

The collection and treatment of wastewater is essential to the public health and the environmental safety of Cobb County and the State of Georgia. The diversity of the types of structures and equipment associated with the Water System’s operation and facilities requires a wide variety of vacuum/hydro-blast/liquid vacuum service. The types of services required will also be influenced by reach, height, or depth depending on structure and location, or both. The bid shall include all associated equipment and personnel for the removal and final disposal of materials, which may consist of sand, silt, small gravel, sewage sludge, or ash from tanks, pits, wet wells, or incinerators. **Disposal shall be at a Georgia EPD approved site of the hauler’s choosing.**

The three (3) equipment types specified shall include the following, at a minimum:

Hydro-Blaster: minimum operating capacity of 10,000 psi at 50 gpm. Personnel shall include one (1) operator and one (1) hose-man.

Vacuum Loader: minimum operating capacity of 5,800 cfm at 27 inches of HG. Personnel shall include one (1) operator and two (2) hose-men.

Liquid Vacuum Truck: minimum operating capacity of 500 cfm at 27 inches of HG and liquid capacity of 3,200 gallons. Personnel shall include one (1) operator and one (1) hose-man.

The personnel listed for each piece of equipment are considered minimal for safe operation. Additional help may be required based on the degree of difficulty or hazardous work environments associated with a particular job. The hourly rate for additional personnel shall be noted, where indicated, on the Bid Form.

The hourly rate on the Bid Form shall reflect a minimum hour per day rate with said minimum hours noted, where indicated, on the Bid Form. The daily rate on the Bid Form shall reflect a 24 hour per day continuous operation rate. Disposal rate shall include both transport from the County facility to a Georgia EPD approved disposal site and the disposal of the material. The Priority rate on the Bid Form shall be for emergency work requested by the Owner and requires prior approval by the Owner on a case-by-case basis. This rate shall only be authorized when an emergency requires minimal response time and/or continual work activities without interruption in order to complete the emergency work.

Due to the hazardous nature of this service and a requirement for a Vendor with a history of professionalism and safety, **all bidders must provide a summary of their company's safety program with their bid response (NO EXCEPTIONS)**. Safety programs will be compared to OSHA standards 1910.00 and 1926.00 and must be required for the awarded Vendor. Safety programs shall be required on those standards that relate directly to the operation of Permit Required Confined Space Entry and Control of Hazardous Atmospheres. Equipment operators must be experienced in safety training through nationally recognized training programs.

Vendor must sign in and out on the log sheet provided at each wastewater reclamation facility's administration building. Vendor shall be required to announce their arrival and departure with the maintenance supervisor of the location in which the work will be performed prior to and after completion of all work. Due to the critical nature of our wastewater reclamation facilities infrastructure and its need to function, it is imperative that time sensitive jobs be completed efficiently, as they may require shutting down some or all of the facilities operation. Vendor shall coordinate activities with the Owner to minimize disruption of the facility's operation. Vendor must be able to provide a two-hour response time, twenty-four hours a day, seven days a week, on calls for mobilization and service for vacuum truck services.

SPECIAL TERMS AND CONDITIONS

I. Contract Period:

Contract awarded as a result of bids submitted under this Sealed Bid shall extend from the date of award for a period of 12 full months.

Cobb County will evaluate this information to determine if revising the pricing is considered fair and reasonable to the satisfaction of Cobb County. Requests for any such change must be received in writing by the Cobb County Procurement Services Department thirty (30) days prior to the expiration of the original contract term. The County may cancel the contract if the price increase request is not approved.

All price reductions at the manufacturers' or distributors' level shall be reflected in a reduction of the contract price(s) to Cobb County retroactive to the effective date of the price reduction(s).

III. Option to Extend the Term of Contract:

Contract is renewable, at the option of Cobb County Government, and upon written agreement by the vendor. However, the total duration of this contract, including the exercise of any options, shall not exceed three (3) years (basic year and two (2) one (1) year options).

Releasing any information regarding the proposal to third parties or the media prior to the conclusion of the award process will be immediate grounds for the County to reject the bid as non-responsive.

V. Withdraw Bid Due to Errors

The bidder shall give notice in writing of his claim of right to withdraw his bid without penalty due to an error within two (2) business days (48 hours) after the conclusion of the bid opening. Bids may be withdrawn from consideration if the price was substantially lower than the other bids due solely to a mistake therein, provided the bid was submitted in good faith, and the mistake was a clerical mistake as opposed to a judgment mistake, and was actually due to an unintentional arithmetic error or an unintentional omission of a quantity of work, labor or material made directly in the compilation of the bid, which unintentional arithmetic or unintentional omission can be clearly shown by objective evidence drawn from inspection of original work papers, documents and materials used in the preparation of the bid sought to be withdrawn. The bidder's original work papers shall be the sole acceptable evidence of error and mistake if he elects to withdraw his bid. If a bid is withdrawn under the authority of this provision, the lowest remaining responsive bid shall be deemed to be low bid. Bid withdrawal is not automatically granted and will be allowed solely at the discretion of Cobb County.

No bidder who is permitted to withdraw a bid shall, for compensation, supply any material or labor or perform any subcontract or other work agreement for the person or firm to whom the contract is awarded or otherwise benefit, directly or indirectly, from the performance of the project for which the withdrawn bid was submitted.

VI. Testing and Inspection

Since tests may require several days for completion, the County reserves the right to use a portion of any supplies before the results of tests are determined. Cost of inspections and tests of any item, which fails to meet specifications, shall be borne by the bidder.

VII. F.O.B. Point

Unless otherwise stated in the Invitation to Bid and any resulting contract, or unless qualified by the bidder, items shall be shipped F.O.B. Destination. The seller shall retain title for the risk of transportation, including the filing for loss or damages. The invoice covering the items is not payable until items are delivered and the contract of carriage has been completed. Unless the F.O.B. clause states otherwise, the seller assumes transportation and related charges either by payment or allowance.

VIII. Patent Indemnity

The contractor guarantees to hold the County, its agents, officers, or employees harmless from liability of any nature or kind for use of any copyrighted or uncopyrighted composition, secret process, patented or unpatented invention, articles or appliances furnished or used in the performance of contract, for which the contractor is not the patentee, assignee or licensee.

IX. Insurance

A. Requirement

Contractor shall procure and maintain in full force and effect for the duration of this Agreement, insurance protecting against claims for injuries to persons or damages to property which may arise from or in connection with performance of the Work hereunder by the Contractor, his agents, representatives, employees, or subcontractors.

B. Minimum Limits of Insurance

Contractor shall maintain insurance policies with coverage and limits no less than:

- i. Commercial General Liability: \$1,000,000 combined single limit per occurrence for comprehensive coverage including bodily and personal injury, sickness, disease or death, injury to or destruction of property, including loss of use resulting therefrom, damage for premises/operations, products/completed operations, independent contractors and contractual liability (specifically covering the indemnity), broad-from property damage, and underground, explosion and collapse hazard. This coverage may be achieved by using an excess or umbrella policy. The policy or policies must be on "an occurrence" basis ("claims made" coverage is not acceptable).
- ii. Commercial Automobile Liability (owned, non-owned and hired): \$1,000,000 combined single limit per occurrence and for bodily and personal injury, sickness, disease or death, injury to or destruction of property, including loss of use resulting therefrom.
- iii. Workers' Compensation and Employers Liability: Workers' Compensation limits as required by the State of Georgia and Employers Liability of \$1,000,000 per occurrence or disease.
- iv. Professional Liability (Errors and Omissions) Coverage: \$2,000,000 per claim and in the aggregate is required, in the event a contractor is performing design, engineering or other professional services.
- v. Commercial Umbrella or Excess Liability Coverage: \$2,000,000 in liability excess coverage per occurrence above the contracts stated minimum coverage limits for Commercial General Liability, Commercial Automobile Liability, and the Workers' Compensation and Employers Liability policies of insurance. This may be satisfied by having the underlying liability limits that equal or exceed the combined amount of the underlying liability limits and umbrella coverage. The policy or policies must be on "an occurrence" basis ("claims made" coverage is not acceptable).
- vi. Builder's "All Risk" Insurance: In the event Contractor is performing construction services under the Contract, Contractor shall procure and maintain "All-Risk" Builder's insurance, written on a commercially recognized policy form, providing coverage for the Work performed under the contract, and the materials, equipment or other items incorporated therein, while the same are

located at the construction site, stored off-site, or at the place of manufacture. The policy limit shall be in a minimum amount equal to the "full insurable value" of such equipment and 100% of the value of the Contract, including any additional costs which are normally insured under such policy. The insurance coverage shall include boiler and machinery insurance on a comprehensive basis and include coverage against damage or loss caused by earth movement (including but not limited to earthquake, landslide, subsidence and volcanic eruption), fire, flood, hurricanes, explosion, hail, lighting, weather, vandalism, malicious mischief, wind, collapse, riot, aircraft, smoke, or other cataclysmic events, and coverage against damage or loss caused by machinery accidents and operational and performance testing, commissioning and start-up, with extended coverage, and providing coverage for transit, with sub-limits sufficient to insure the full replacement value of the property or equipment removed from its site and while located away from its site until the date of final acceptance of the Work.

The making of progress payments to the Contractor shall not be construed as relieving the Contractor or its subcontractors or insurance carriers providing the coverage described herein for responsibility for loss or direct physical loss, damage or destruction occurring prior to final acceptance of the Work.

C. Deductibles and Self-Insured Retention

Any deductibles or self-insurance retentions must be declared to and approved by Owner so that Owner may ensure the financial solvency of the Contractor. At the option of Owner, either the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects Owner, its officers, officials, and employees; or the Contractor shall procure a bond guaranteeing payment of losses and related investigations, claim administration and defense expenses. Contractor shall pay all deductibles and be liable for all claims, losses and damages for which it self-insures.

D. Other Insurance Provisions

The policies are to contain, or be endorsed to contain, the following provisions:

XI. Delivery Failures

Failure of a contractor to deliver within the time specified or within reasonable time as interpreted by the Procurement Services Director, or failure to make replacement of rejected articles/services when so requested, immediately or as directed by the Procurement Services Director, shall constitute authority for the Procurement Services Director to purchase in the open market articles/services of comparable grade to replace the articles/services rejected or not delivered. On all such purchases, the contractor shall reimburse the County within a reasonable time specified by the Procurement Services Director for any expense incurred in excess of contract prices, or the County shall have the right to deduct such amount from monies owed the defaulting contractor. Alternatively, the County may penalize the contractor one percent (1%) per day for a period of up to ten (10) days for each day that delivery or replacement is late. Should public necessity demand it, the County reserves the right to use or consume articles delivered which are substandard in quality, subject to an adjustment in price to be determined by the Procurement Services Director.

XII. County Furnished Property

No material, labor or facilities will be furnished by the County unless so provided in the invitation to bid.

XIII. Reject and Withdraw Bids

Failure to observe any of the instructions or conditions in this invitation to bid may constitute grounds for rejection of bid.

XIV. Contract

Upon submitting a bid in response to an ITB containing a Cobb County Sample Contract as part of the requirements, it is understood that the bidder has reviewed the documents with the understanding that Cobb County requires that the successful bidder(s) shall enter into a contract that is substantially the same as the Sample Contract unless modified by agreement of the parties. If any exceptions are taken to any part of the Sample Contract, each exception must be stated in detail and submitted as part of the bid document. If no exceptions are stated, it is assumed that the bidder fully agrees to the Sample Contract in its entirety. The foregoing should not be interpreted to prohibit either party from proposing additional contract terms and conditions during negotiation of the final contract, and the County reserves the right to make changes to the Sample Contract. In no event is a bidder to submit its own standard contract terms and conditions as a response to this ITB.

The Price and all unit prices shown shall be deemed to include all costs of Contractor's performance of the Work as set forth in the Bid Documents, including, but not limited to, the costs of labor, supervision, travel, fuel, services, materials, supplies, equipment, tools, scaffolds, hoisting, transportation, storage, insurance and taxes.

Each bid is received with the understanding that selection as the successful bidder by the County does not constitute a written contract between the successful bidder and the County, but shall bind the bidder on his part to furnish and deliver the articles quoted at the prices stated in accordance with the conditions of said accepted bid upon execution of a written contract with the County authorized by the County Board of Commissioners and signed by the Chairman. Once a contract is executed by the proper authorities for each party, the County, on its part, may order from such contractor, and except for cause beyond reasonable control, pay for, at the agreed prices, all articles specified and delivered.

XV. Non-Collusion

By submission of a bid, the vendor certifies, under penalty of perjury, that to the best of its knowledge and belief:

- (a) The prices in the proposal have been arrived at independently without collusion, consultation, communications, or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other vendor or with any competitor.
- (b) Unless otherwise required by law, the prices which have been quoted in the proposal have not been knowingly disclosed by the vendor prior to opening, directly or indirectly, to any other vendor or to any competitor.

- (c) No attempt has been made, or will be made, by the vendor to induce any other person, partnership or corporation to submit or not to submit a proposal for the purpose of restricting competition.

Collusions and fraud in bid preparation shall be reported to the State of Georgia Attorney General and the United States Justice Department.

XVI. Conflict of Interest, Etc.

By submission of a bid, the responding firm certifies, under penalty of perjury, that to the best of its knowledge and belief:

1. No circumstances exist which cause a Conflict of Interest in performing the services required by this ITB, and
2. That no employee of the County, nor any member thereof, nor any public agency or official affected by this ITB, has any pecuniary interest in the business of the responding firm or his sub-consultant(s) has any interest that would conflict in any manner or degree with the performance related to this ITB.

By submission of a bid, the vendor certifies under penalty of perjury, that to the best of its knowledge and belief:

- (a) The prices in the bid have been arrived at independently without collusion, consultation, communications, or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other vendor or with any competitor.
- (b) Unless otherwise required by law, the prices which have been quoted in the bid have not knowingly been disclosed by the vendor prior to opening, directly or indirectly, to any other vendor or competitor.
- (c) No attempt has been made, or will be made, by the vendor to induce any other person, partnership or cooperation to submit or not to submit a bid for the purpose of restricting competition.

For any breach or violation of this provision, the County shall have the right to terminate any related contract or agreement without liability and at its discretion to deduct from the price, or otherwise recover, the full amount of such fee, commission, percentage, gift, payment or consideration.

The successful responding firm shall require each of its sub-consultant(s) to sign a statement certifying to and agreeing to comply with the terms of the Sub-sections above.

XVII. Default

The contract may be cancelled or annulled by the Procurement Services Director in whole or in part by written notice of default to the contractor upon non-performance or violation of contract terms. An award may be made to the next low responsive and responsible bidder, or articles specified may be purchased on the open market similar to those so terminated. In either event, the defaulting contractor (or his surety) shall be liable to the County for costs to the County in excess of the defaulted contract prices; provided, however, that the contractor shall continue the performance of this contract to the extent not terminated under the provisions of this clause.

Failure of the contractor to deliver materials or services within the time stipulated on his bid, unless extending in writing by the Procurement Services Director, shall constitute contract default.

XVIII. Disputes

Except as otherwise provided in the contract documents, any dispute concerning a question of fact arising under the contract which is not disposed of shall be decided after a hearing by the Procurement Services Director, who shall reduce his/her decision to writing and mail or otherwise furnish a copy thereof to the contractor. The decision of the Procurement Services Director shall be final and binding; however, the contractor shall have the right to appeal said decision to a court of competent jurisdiction.

XIX. Substitutions

Bidders offering and quoting on substitutions or who are deviating from the attached specifications shall list such deviations on a separate sheet to be submitted with their bid. The absence of such a substitution list shall indicate that the bidder has taken no exception to the specifications contained herein.

XX. Ineligible Bidders

The County may choose not to accept the bid of a bidder who is in default on the payment of taxes, licenses, or other monies due to the County. Failure to respond three (3) consecutive times for any given commodity/service may result in removal from the supplier list under that commodity/service.

XXI. Alterations of Documents

Alterations of County documents are strictly prohibited and will result in automatic disqualification of the firm's solicitation response. If there are "exceptions" or comments to any of the solicitation requirements or other language, then the firm may make notes to those areas, but may not materially alter any document language.

XXII. Termination for Convenience

The successful Bidder will be required to enter into a contract containing a provision for termination of the contract for the County's convenience. The following is a sample of the provision.

The County, by written notice, may terminate this contract, in whole or in part, when it is in the County's interest. If this contract is terminated, the County shall be liable only for goods or services delivered or accepted. The County Notice of Termination may provide the contractor thirty (30) days prior notice before it becomes effective. However, at the County's sole option a termination of convenience may be effective immediately and may apply to delivery orders (if applicable) or to the contract in whole.

XXIII. Inter-Governmental Agreement

Other cities and Authorities located in Cobb County will be allowed to purchase identical items at the same price and upon the same terms and conditions, pursuant to the Intergovernmental Cooperative Purchasing Agreements entered into between the BOC and Cobb County Governmental entities listed under the Intergovernmental Cooperative Purchasing Program. These entities include the Cobb County Board of Education and Cities of Acworth, Austell, Kennesaw, Smyrna, Marietta, and Powder Springs and the Cobb County-Marietta Water Authority and the Cobb-Marietta Coliseum and Exhibit Hall Authority.

XXIV. Indemnification

By submitting a Bid, the Bidder hereby agrees to indemnify, defend and hold harmless the County, its departments, employees and the Board of Commissioners from and against any and all claims, demands, liabilities, losses, costs or expenses, including attorneys' fees, due to liability to a third party or parties, for any loss due to bodily injury (including death), personal injury, and property damage, including but not limited to intellectual property claims, arising directly or indirectly from the submission of the Bid hereunder, but only to the extent such claims are caused by the negligence, recklessness or intentionally wrongful conduct of the Bidder or its agents, employees, associates, subcontractors or others working at the direction of Bidder. This indemnification obligation survives beyond the submission date of the Bid and the dissolution or, to the extent allowed by law, the bankruptcy of the Bidder.

XXV. Indemnification and Hold Harmless

The Contractor covenants and agrees to take and assume all responsibility for the Work rendered in connection with this Agreement. The Contractor shall bear all losses and damages directly or indirectly resulting to it on account of the performance or character of the Work rendered pursuant to this Agreement. To the fullest extent permitted by law, the Contractor shall defend, indemnify and hold harmless the County and the County's elected and appointed officials, officers, boards, commissions, employees, representatives, consultants, servants, agents and volunteers (individually an "Indemnified Party" and collectively the "Indemnified Parties") from and against any and all claims, suits, actions, judgments, injuries, damages, losses, expenses, and liability of any kind whatsoever, including but not limited to attorneys' fees and other legal expenses, ("Liabilities") to the extent caused by or resulting from negligence, recklessness, or intentionally wrongful conduct arising out of the Work, performance of contracted services, or operations by Contractor, any subcontractor, anyone directly or indirectly employed by the Contractor or subcontractor or anyone for whose acts the Contractor or subcontractor may be liable, regardless of whether or not the negligent act or omission is caused in part by a party indemnified hereunder. This indemnity obligation does not include Liabilities caused by or resulting from the sole negligence of an Indemnified Party. Such obligation shall not be construed to negate, abridge or otherwise reduce other rights or obligations of indemnity which would otherwise exist as to the party or person described in this Section XXIV.

In any and all claims against an Indemnified Party or Indemnified Parties by an employee of the Contractor, its subcontractors, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, the indemnification obligation under this Section XXIV shall not be limited by a limitation on amount or type of damages, compensation or benefits payable by or

for the Contractor, or its subcontractors, under workers' or workmen's compensation acts, disability benefit acts or other employee benefit acts.

This obligation to indemnify, defend and hold harmless the Indemnified Party and Indemnified Parties shall survive the expiration or termination of this Agreement provided that the claims are based upon or arise out of acts or omissions that occurred during the performance of this Agreement.

XXVI. Confidentiality

Contractor acknowledges that it may receive confidential information of the County and that it will protect the confidentiality of any such confidential information and will require any of its subcontractors, contractors, and/or staff to likewise protect such confidential information. The Contractor agrees that confidential information it receives or such reports, information, opinions, or conclusions that Contractor creates under this Agreement shall not be made available to, or discussed with, any individual or organization, including the news media, without prior written approval of the County. Contractor shall exercise reasonable precautions to prevent the unauthorized disclosure and use of County information whether specifically deemed confidential or not.

Contractor acknowledges that the County's disclosure of documentation is governed by Georgia's Open Records Act, and Contractor further acknowledges that, if Contractor submits records containing trade secret information and if Contractor wishes to keep such records confidential, Contractor must submit and attach to such records an affidavit affirmatively declaring that specific information in the records constitutes trade secrets pursuant to Article 27 of Chapter 1 of Title 10, and the Parties shall follow the requirements of O.C.G.A. § 50-18-72(a)(34) related thereto.

The County seeks to build a diverse, inclusive, and prosperous group of suppliers who can effectively compete in business while obtaining quality goods and services in a competitive, efficient and non-discriminatory manner.
