EXPIRATION DATE AND EXTENSION. This Contract expires July 23, 2028, unless it is cancelled sooner pursuant to Article 22. This Contract allows up to three additional one-year extensions upon the request of Sourcewell and written agreement by Supplier. Sourcewell retains the right to consider additional extensions beyond seven years as required under exceptional circumstances.

Upon Contract execution and throughout the Contract term, Supplier must provide to Sourcewell a current means to validate or authenticate Supplier's authorized dealers, distributors, or resellers relative to the Equipment, Products, and Services offered under this Contract, which will be incorporated into this Contract by reference. It is the Supplier's responsibility to ensure Sourcewell receives the most current information.

3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. **SHIPPING AND SHIPPING COSTS.** All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Supplier Development Administrator. Typically, a Participating Entity will issue an order directly to Supplier or its authorized

All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. **ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM.** Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum, the terms of which will be negotiated directly between the Participating Entity and the Supplier or its authorized dealers, distributors, or resellers, as applicable. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. **SPECIALIZED SERVICE REQUIREMENTS.** In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. **TERMINATION OF ORDERS.** Participating Entities may terminate an order, in whole or in part, immediately upon notice to Supplier in the event of any of the following events:

10	Provide a brief history of your company, including your company's core values, business philosophy, and industry longevity related to the requested equipment, products or services.	The Hyundai name has been synonymous with quality and innovation since Chung Jiyong launched his first company in 1947. Under Chung's leadership the company diversified and grew. By 1985, Hyundai was introducing the first Korean-made automobile to American consumers. Hyundai is now established as an industry leader, and their car brands, including Kia and Genesis, are continually recognized for their quality. Today, the legacy continues with Hyundai Construction Equipment Americas, Inc., which includes Hyundai Material Handling, bringing Hyundai-backed equipment to businesses, local and state government and other users across the U.S. and Canada. Ingrained in our corporate values is our responsibility to give back to the community. And, our contributions extend beyond providing funds for charitable causes, we reinforce our commitment through action. Whether we're supporting the environment, education, diversity, or the health and well-being of our customers and neighbors, our employees believe in making a difference wherever we do business.

Invoices also are to include our contract # and both quotes and invoices are submitted when we receive the orders. Based on the equipment sell price, we enter the calculated Sourcewell fee amount into our SAP order system. At the end of the quarter, we pull up any orders that have this Sourcewell fee assigned, and we gather the information (quotes/invoices with customer information) to build our Quarterly Sourcewell Report.	*
56	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	Most if not all of our Sourcewell forklift sales have gone through our dealers who are likely not set up P-Card Payment. Payment by wire or check is our standard methods of payments and would be the same for our dealers.	*

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *	
57	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	Product Category Discounts: For Classes I, II, IV, and V, we are providing a threshold price model of List Price less 30%. For Classes III and VI, we are providing a threshold model of Dealer Net + 10%	*
58	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	For all Hyundai Class I, II, IV models and Class V models - List Price less 30% For Class III and VI products, threshold price would be Dealer Net +10% For Industrial Batteries and Chargers, Attachments and other products sold via 3rd party, threshold price would be Dealer Net + 10%	*
59	Describe any quantity or volume discounts or rebate programs that you offer.	Quantity Orders of 10+ units would receive a 1% additional discount provided the units are ordered at the same time.	*
60	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	For Industrial Batteries and Chargers, Attachments and other products sold via 3rd party, threshold price would be Dealer Net + 10% We would also suggest our dealers provide a discount of 15% on rentals and a discount of 10% off their labor published labor rates, to Sourcewell members.	*
61	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	Inbound freight, Pre-Delivery Inspection, local delivery, which would be charged by our selling dealers. PDI costs may vary from market to market with a typical PDI taking 2-3 hours labor.	*
62	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	To help ensure our equipment is properly delivered to Sourcewell members, our process is as follows: 1. Freight to local dealer 2. Dealer performs Pre-Delivery Inspection (PDI) 3. Dealer delivers to Sourcewell member. 4. Delivery Report and introduction	*
63	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	Freight from Hyundai to these areas would be brokered for best rate and or delivery time based on the customer's needs. Since we have much more business going into Canada, units can be consolidated with dealer container shipments, which would help reduce/defray freight cost.	*
64	Describe any unique distribution and/or delivery methods or options offered in your proposal.	Delivery is by one of our authorized dealers who will conduct a delivery report and go over the unit with the customer. Establishing relationship with the local after sales support team. The local dealer is a big part of the value that Hyundai brings to the Sourcewell purchase.	*

65	c. better than the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.	

Table 13: Audit and Administrative Fee

Line Item	Question	Response *	
66	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	We instruct our dealers to provide equipment pricing in a separate line item from freight, PDI, local delivery, etc., which allows us to quickly verify the amount is within the threshold price structure. The Sourcewell fee is assigned to that particular order in our SAP operating system, so we are able to pull all Sourcewell orders for the quarter to build our report.	*
67	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	- Closed Order Ratio based on number of inquiries. - GovSpend.com to which we subscribe provides order tracking of government purchases for our product category, which helps us measure market share, as well as price competitiveness - Hyundai compiles quarterly spreadsheets of dealer reported sales and SAP sales. - Dealer sales participation on web training	*
68	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	2% of the Hyundai equipment price portion on all models.	*

Table 14A: Depth and Breadth of Offered Equipment Products and Services

Line Item	Question	Response *	
69	Provide a detailed description of the equipment, products, and services that you are offering in your proposal.	Hyundai is a global provider of forklifts in Class I, II, III, IV, V and VI with capacities ranging from 2,200 lbs. to 55,000 lbs. with a wide variety of lift heights, which should meet nearly all Sourcewell member entity requirements. Hyundai forklifts meet or exceed all CARB and EPA emissions standards and are available in Battery, LP and Diesel powered models. We have a network of 57 dealers with 166 combined locations, which can provide maintenance, parts, service, rental and who are accustomed to take trade-ins on equipment. Hyundai can provide additional items such as industrial batteries and chargers, attachments and miscellaneous items via 3rd party vendors at a markup of no more than cost +10%.	*
70	Within this RFP category there may be subcategories of solutions. List subcategory titles that best describe your products and services.	Industrial Forklift or Motive Power Batteries; Forklift Attachments; Telematics	*

PROPOSER AFFIDAVIT AND ASSURANCE OF COMPLIANCE

I certify that I am the authorized representative of the Proposer submitting the foregoing Proposal with the legal authority to bind the Proposer to this Affidavit and Assurance of Compliance:

1. The Proposer is submitting this Proposal under its full and complete legal name, and the Proposer legally exists in good standing in the jurisdiction of its residence.
2. The Proposer warrants that the information provided in this Proposal is true, correct, and reliable for purposes of evaluation for contract award.
3. The Proposer, including any person assisting with the creation of this Proposal, has arrived at this Proposal independently and the Proposal has been created without colluding with any other person, company, or parties that have or will submit a proposal under this solicitation; and the Proposal has in all respects been created fairly without any fraud or dishonesty. The Proposer has not directly or indirectly entered into any agreement or arrangement with any person or business in an effort to influence any part of this solicitation or operations of a resulting contract; and the Proposer has not taken any action in restraint of free trade or competitiveness in connection with this solicitation. 4. To the best of its knowledge and belief, and except as otherwise disclosed in the Proposal, there are no relevant facts or circumstances which could give rise to an organizational conflict of interest. An organizational conflict of interest exists when a vendor has an unfair competitive advantage or the vendor's objectivity in performing the contract is, or might be, impaired.

At that point, proposals become public data. Minnesota Statutes Section 13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.
11. Proposer its employees, agents, and subcontractors are not:
