(Vendor made the Good Faith Effort benchmark, but other vendors who had LSBE participation were allowed the opportunity to match their prices, therefore this vendor was not awarded any line items)

The original Bid Tabulation posted on the county website had calculation errors by each vendor. Vendors provided correct totals, which are reflected on this Bid Tabulation.

Note: As stated in Attachment G - DeKalb First LSBE Information, in the ITB "Prime Contractor(s) deemed responsible and remains responsive to an Invitation to Bid (ITB) and documented good faith efforts, submits a low bid price than a Prime Contractor that achieved 20% LSBE participation, or otherwise required benchmark, then the Prime Contractor who actually met the benchmark will be given the opportunity to match the lowest bid price of the Prime Contractor who only made good faith efforts. Prime Contractor(s) who choose not to match the lowest bid price, then the Prime Contractor who made the good faith efforts will be deemed the lowest, responsive and responsible bidder." Core & Main, LP only obtained GFE, while Delta Municipal Supply Company and Ferguson Waterworks have both met the benchmark of 20% LSBE-DeKalb Participation. Therefore, Delta Municipal Supply Company was given the opportunity to match Core & Main, LP prices on the following Line Item Nos.: 28-30, 33-34, 40-43, 51-52, 68-74, and 85-87. Ferguson Waterworks was given the opportunity to match Core & Main, LP price on Line Item No. 86. Both Delta Municipal Supply and Ferguson Waterworks have matched Core & Main prices. The \* next to the unit prices for Delta Municipal Supply Company and Ferguson Waterworks means that they match Core & Main, LP prices for that line item.
