STAFF ANALYSIS

Case No.: LP-18-21940/2018-1565 **Agenda #:** N. 6
Location/Address: 1093 Pluma Drive Atlanta, Georgia 30316 **Commission District:**3**Super District:** 6
Parcel IDs: 15 081 03 024, 15 081 03 031
Request: Application to Amend the Future Land Use Plan Map from TN (Traditional Neighborhood) to LIND (Light Industrial) to allow rental parking for tractor trailers, tire repair and replacement for tractor trailers, and a diesel mechanic shop.
Property Owner(s): Sexton Enterprises, Inc.
Applicant/Agent: Sarah S. Adams
Acreage: 4.8 Acres
Existing Land Use: Tractor Trailer Parking, Diesel Mechanic
Surrounding Properties: Heating & Air Conditioning, Commercial Tires, & Single-Family Residences
Adjacent Zoning: **North: R-75 (TN) South: R-75 (TN) East: R-75 (TN) West: C-2 (LIND) Northeast: R-75 (TN) (Comprehensive Plan) Northwest: R-75 (TN) Southeast: R-75 (TN) Southwest: R-75 (TN)**

Consistent **Inconsistent**

Proposed Density: N/A

Existing Density: N/A

Proposed Units/Square Ft.: N/A

Existing Units/Square Feet: N/A

Proposed Lot Coverage: N/A

Existing Lot Coverage: N/A

Companion Application:

The applicant has filed a companion application (Z-18-21941) to amend the zoning of seven (7) parcels currently zoned R-75 and C-2 to Industrial (M).

STAFF RECOMMENDATION: DENIAL

The proposal is inconsistent with the following policy of the 2035 Comprehensive Plan:

- Residential Protection** - Protect stable neighborhoods from in-compatible development that could alter established residential development patterns and density. Protect stable neighborhoods adjacent Activity Centers from incompatible development that could alter established residential development patterns and density.
- Non-Residential Development** - The non-residential development in suburban areas shall be limited to small-scale convenience goods/services to meet the needs of the surrounding residents. Small scale nonresidential development shall be limited to qualifying intersections (collector roadway and above).

Therefore, the Department of Planning and Sustainability recommends “Denial.”

SUBJECT PROPERTY AND SURROUNDING AREA

The subject properties are a combined 4.8 acres tract of land currently zoned R-75. The parcels have approximately 440 feet of frontage along Pluma Drive and approximately 330 feet of frontage along Melrose Avenue. The site is currently used to park tractor trailers and for diesel mechanic repair. This use is surrounded on the north, east, and south by established single-family residential. According to tax records, some of the abutting homes were constructed as early as 1940.

PROPOSED PROJECT

There is no current project proposal. This amendment application and its companion rezoning are intended to bring current uses into compliance with the Land Use Plan and the Zoning Ordinance.

LAND USE ANALYSIS

LAND USE MAP AMENDMENT EVALUATION

Section 27-829 of the Zoning Ordinance, “Amendments to comprehensive plan land use maps” states that the following standards and factors shall guide the evaluation of all proposed amendments to the comprehensive plan land use maps:

- 1. Whether the proposed land use change will permit uses that are suitable in view of the use and development of adjacent and nearby property:** The proposed land use change would permit uses that are NOT suitable for the present development of adjacent property.
- 2. Whether the proposed land use change will adversely affect the existing use or usability of adjacent or nearby property:** The proposed land use change will (does) adversely affect the residential character and interrupts desired walkability and a sense of place by making tractor trailers and other industrial uses the focal point of the community.
- 3. Whether the proposed land use change will result in uses which will or could cause excessive or burdensome use of existing streets, transportation facilities, utilities, or schools:** The existing street grid was created to serve the residential character. The introduction of industrial uses will continue to exacerbate crumbling sections of Pluma Drive.
- 4. Whether the zoning proposal is consistent with the written policies in the comprehensive plan text:** The zoning proposal is contingent upon the approval of the proposed land use amendment. The proposed land use amendment is inconsistent with corresponding policies. Therefore, the zoning proposal is inconsistent with written policies.
- 5. Whether there are environmental impacts or consequences resulting from the proposed change:** The encroachment of diesel engine repair and parking of tractor trailers into the established neighborhood carries with it an adverse environmental impact for the residential character of the surrounding area.

6. **Whether there are impacts on properties in an adjoining governmental jurisdiction in cases of proposed changes near county boundary lines.** There are no perceived impacts on adjoining jurisdictions in this proposal.
7. **Whether there are other existing or changing conditions affecting the use and development of the property, which give supporting grounds for either approval or disapproval of the zoning proposal:** The existing uses of tractor trailer parking and diesel repair shop are not in compliance with the existing zoning nor land use designation. These uses are incompatible with surrounding property and support grounds for disapproval.
8. **Whether there are impacts on historic buildings, sites, districts, or archaeological resources resulting from the proposed change:** Staff is currently unaware of any historical designations or archaeological resources being impacted. Again, some of the abutting properties were built as early as 1940 and much of the built product is similar in architecture style.

REZONES, LAND USE & SPECIAL LAND USE

Zoning Board Members:

We are requesting to rezone, our properties located in DeKalb County, District 3 & 6 from the current two zones (C-2 & R-75) Exhibit D into one zone being M, land use as LIND. The attached Map (Exhibit B) are two properties on each side of our property which show land use LIND. Exhibit D (red & yellow map) shows the South property as Zone M and the North property as C-1 & C2. The survey for our properties combined as one won't be completed until after our application deadline however we will furnish before amendment deadline and just as soon as it is complete.

The main reason for rezoning request of our property (15-081-03-024 and 031) also known as (1040 Key Road & 1093 Pluma Drive) is to comply with DeKalb County Zoning Ordinance. Until recently we were unaware of a discrepancy in the zoning of the property portions. Multiple billings for this property can be confusing at times.

The front portion known as 2146, 2150 & 2158 Moreland Avenue, and 1017, 1033, 1039 Pluma Drive was properly zoned and has been for many years. The normal business hours for all renters on the properties is 8 am to 6 pm.

We purchased the back portion know as 1093 Pluma Drive in 1990. This is the property currently zoned R-75 (in orange on Exhibit "C"). Recently brought to our attention

C:\Users\Sarah\Documents\Sexton Enterprises Files\SEI Properties DeKlb Cnty\LAND USE 1093 PlumaDr ApplicationLetter.docx

by a visit from Code Enforcement, our back property was zoned residential. We have been using the back portion of property for tractor-trailer parking for short and long-term use since the purchase. This back portion of the property is bordered on both street sides and a small portion residential side with very large and tall trees with overgrown brush underneath (See Exhibit C). This provides a buffer for the residential neighbors.

Our Father (T. L. Sexton) had always taken care of the legal business regarding our properties before his death in 2007. We were unaware the property was considered residential.

The secondary reason for rezoning all our property into one is to simplify the billing from DeKalb County. At present we receive 7 tax bills for the front sections of property which includes 2146, 2150, 2158 Moreland, 1017, 1033, 1039 Pluma Drive and 1040 Key Road and another tax bill for 1093 Pluma Drive. That is a total of eight tax bills for one Companies property.

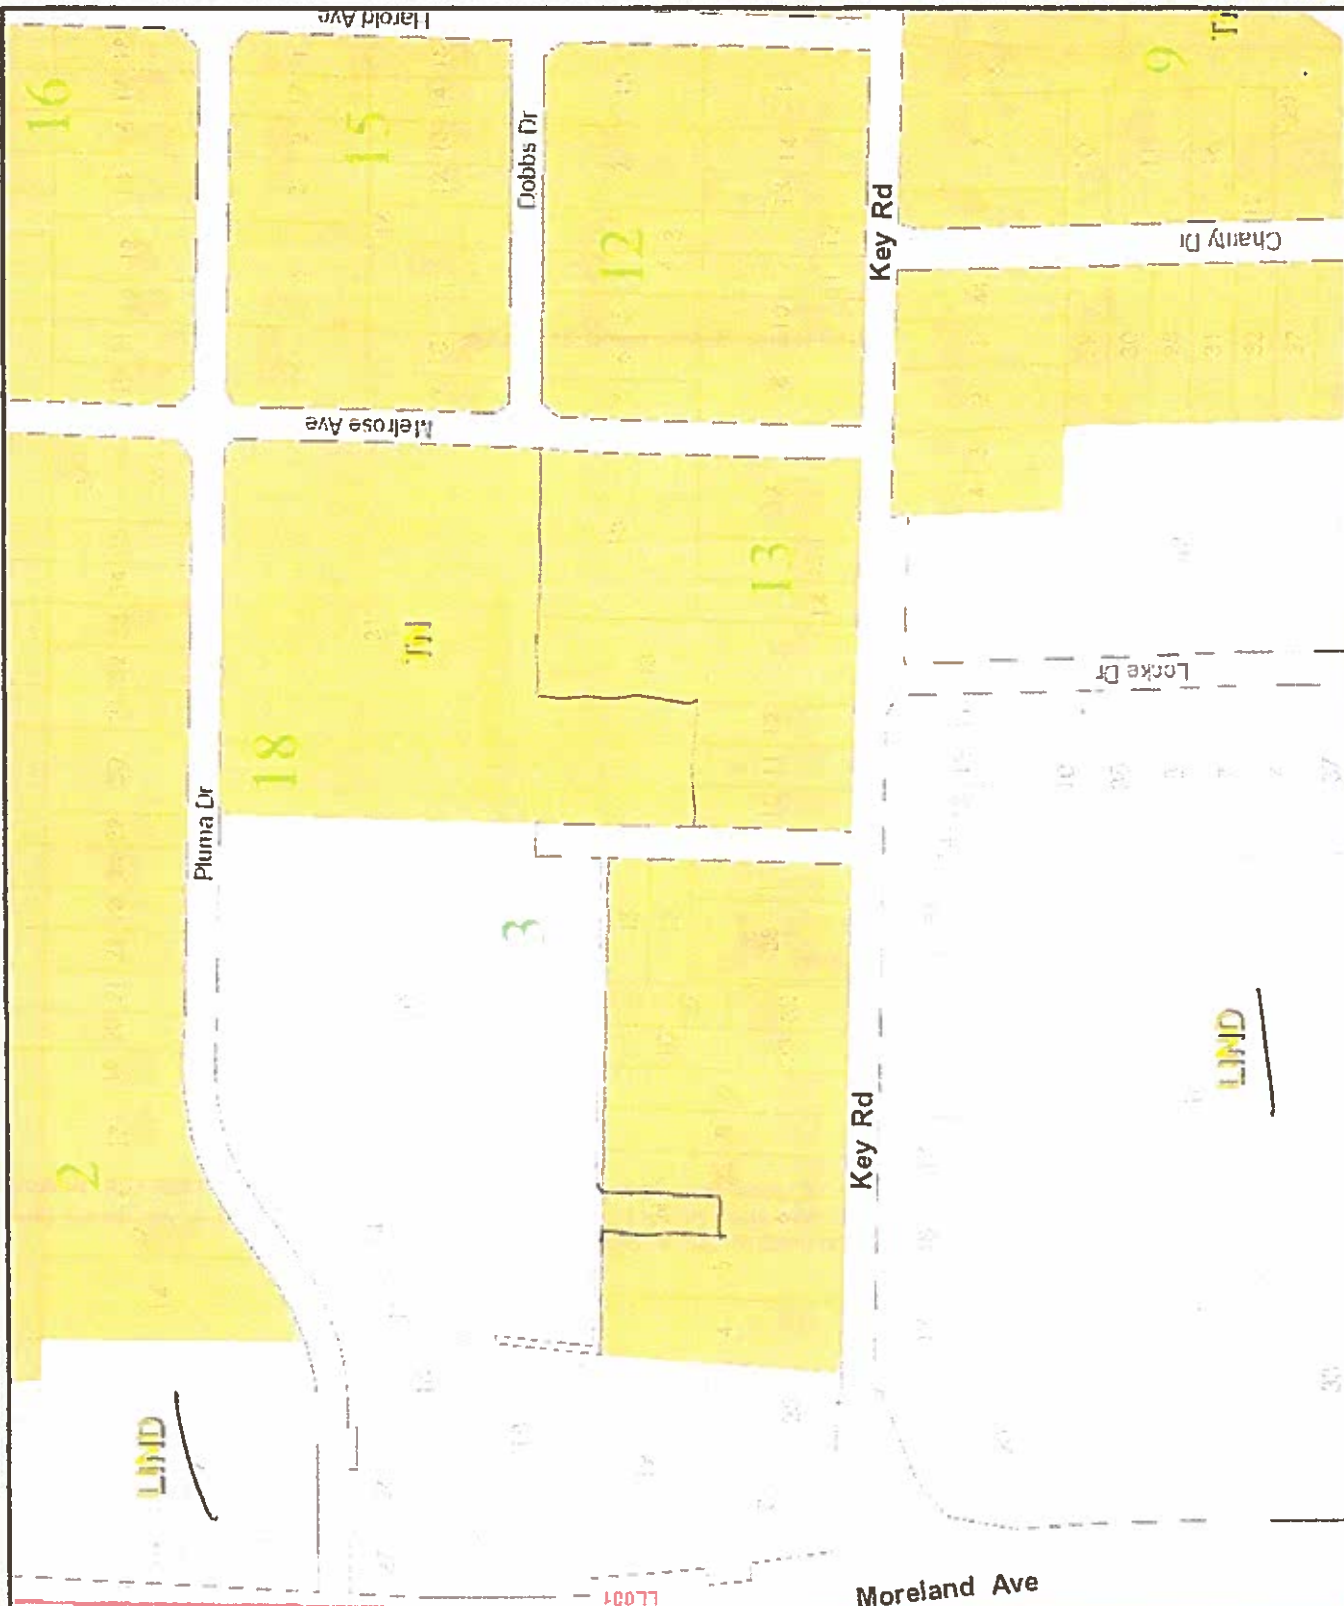

Therefore, in compliance with county ordinances our proposal for this rezoning is twofold:

1. We may legally continue parking trailers on the back portion of our property.
2. We would be reducing the vast amount of paperwork on behalf of the county and our Company by consolidating all the separate plats into one tax bill under the zoning of M – (Light Industrial).

We appreciate your taking the time to consider our proposal and look forward to your response.

Sincerely,

Sarah Sexton Adams
Co-President
and
Pat Sexton,
Vice-President

Subject: Community Meeting - Rezone Request
Attachments: PUBLIC NOTICE.docx

Please find attached Flyer for upcoming Community Meeting.
The map on back was only for the neighbors benefit.

This meeting is to give immediate neighbors opportunity to voice their opinions regarding this Re-Zoning of the back portion of our property known as 1093 Pluma Drive from Residential to M - Light Industrial (like other surrounding properties) on Moreland Avenue. On this back portion of our property we rent spaces for Trailers to be parked for short and long-term use. Until recently we were unaware this property wasn't properly zoned for our use as the property in front known as 2150 Moreland Avenue SE was and has been properly zoned since 1970.
