Subject: Lifelong Communities Mini-Grant Update

Dear Charlotte,

Congratulations! You are receiving this email because your proposed project for nutrition education was **accepted** for funding for \$2500 for the Lifelong Communities Mini-Grant Project. We received a lot of interest for this project and are excited to partner with you to impact health variables in metro Atlanta.

This is a reimbursement grant, which means that we must receive an invoice for the costs outlined in your project before payment. We must receive this invoice and your organization's W-9 form by June 25th to make this payment. Once received, we will begin processing your payment and will mail a check.

We would like to collect a brief impact report from you by August 1st. This need not be very long or in-depth but we ask that you provide information about numbers and demographics of those served, any client testimonials that may be relevant, or other information that demonstrates the impact of this program. If you have any questions about this requirement or the timeline, please don't hesitate to reach out. This deadline is flexible and the content can be highly variable depending on the nature of your project!

Congratulations again! We are grateful for your valuable work in your community and are excited to partner further.

The Lifelong Communities Team

Sharise Thurman Byrd, Joy Dillard Appel, and Arin Yost
