1. Daniel Stone, 1876 Audubon Dr NE, Atlanta, GA 30329- We have collected a petition that has received significant support within our neighborhood, and request that you consider our position on the proposed neighborhood greenway under BOC 2022-1153. The full petition text and accompanying signatures were sent to all Commissioners on June 8, 2022. Of 25 homes located on the dead-end side of Audubon Drive NE, 31 residents representing 21 homes, or 84% of homes on the street, are opposed to the alignment's use of our portion of Audubon Dr NE. We have been unable to contact 4 homes, but will follow-up with additional details if their feedback is later received. No residents were identified in support of this project on our street. We believe the proposed project adds significant pedestrian and cyclist danger at the intersection of Audubon Drive NE and SR 155 / Clairmont Road. There are frequent accidents near this intersection, the most recent of which occurred this weekend and resulted in someone being taken by an ambulance and Clairmont Road being completely shut down to traffic for 7 hours. Additionally, we are a dead-end street and do not require traffic calming measures, and this project would negatively and significantly impact the sense of community and calm on our street. While pursuit of greenway projects is commendable, we have concerns with this portion of the proposed project because it would not protect greenspace, and was not included in the 2000 DeKalb Greenway Trails Master Plan. The alignment is exclusively affecting individual landowners on neighborhood roads, and will require the removal of many mature trees. DeKalb County resources could be better directed to protecting greenspaces from further development, routing through streets that would benefit from traffic calming, and better connecting trail users to areas of interest (i.e., nearby parks or multi-use developments). There are alternative alignments that could better achieve DeKalb's goals and could be identified if proper studies are conducted. We urge Dekalb County to reconsider the advancement of this alignment. We understand that DeKalb County and the PATH Foundation could decide to proceed with this project in opposition to our expressed concerns. Should that occur, we respectfully request the opportunity to have significant input into how the proposed plan will be implemented for our street. Thank you for your consideration, and we look forward to further engagement on this matter.

2. Stephen Binney (No Address)- Good Morning Commissioners, Sunday was the 55th anniversary of the most appropriately named Supreme Court decision in history, Loving vs Virginia. In 1958 Richard and Mildred Loving were arrested at 2AM and put in jail for the simple act of being in love. It took almost nine years but on June 12th, 1967 the Supreme Court finally legalized interracial marriage. In honor of this and since June is pride month lets talk about love and its many manifestations. Civil unions were recognized as legitimate legal unions by corporations and counties for many years but when gay marriage was legalized by the Supreme Court in 2015 the legal state of civil unions was no longer recognized by companies and counties like Dekalb as being eligible for coverage under family health plans. At last Thursday's committee meeting while discussing the adding of such couples to Dekalb County's health benefits program I heard Mereda Davis Johnson say that she believes in the sanctity of marriage and question whether civil union couples should be covered by the county. Later on Steve Bradshaw agreed with her. While this defense of quote "family values" unquote may be laudable it is out of date and unfair. Mereda even talked about people gaming and abusing the system like a republican talking about welfare cheaters. Not all people in love end up getting married but they deserve the same benefits and I hope that the county will recognize this in the near future. This same committee also discussed a proposal to require all contractors with the county to pay it's employees a minimum wage of \$15 a hour to match the current minimum wage paid by the county to it's own employees. Since the majority of people who do work in and for Dekalb are either contracted or subcontracted out this would be a very good way to make sure that all employees who work for Dekalb County in whatever manner will be paid closer to a livable wage. I commend

the county for this and hope that it will be put into law in the near future. There is an item #1624 on today's agenda which includes The Renee Group which is listed as a LSBE Dekalb Prime company. This company is a front for the much larger Renee Group located in Southwest Atlanta. Please note that this contract was originally assigned in 2017 with Renee Group promising a little over 20% LSBE participation rate. Over the last five years The Renee Group has been paid over 58 million dollars. Over the last five years Renee Group's LSBE participants have not been paid a single dollar, nothing. That adds up to a nearly 12 million dollar fraud. I would like to suggest that Dekalb County investigate this fraud. Item #1603 asks for an emergency allocation of \$287,000 to provide adequate security for watershed plants and facilities. The justification listed is that the absence of adequate security poses a risk to DWM operations as well as the water supply and sewer services. This begs the question, how long has our water supply not been adequately protected and why. Lets meet in public soon, everyone else is. Thank you for your time and consideration,

3. Dr. Ed Williams (No Address)- Good Morning Commissioners, My Name is Ed Williams, I have lived in unincorporated south DeKalb for over twenty years. I am the chair of the group Concerned Citizens for Effective Government. In 1971 the citizens in DeKalb and Fulton counties voted to levy a tax for 50 years. I was 7 years old at the time and was not old enough to vote or petition the courts. The reality is that most of the citizens in this room and in the metropolitan areas living in DeKalb and Fulton counties have not had an opportunity to vote on any MARTA service contract. In 1971 there were more residents living in the Atlanta city limits than in the DeKalb and Fulton counties rural areas. In 2022, the population of DeKalb and Fulton counties has increased by almost 1 million citizens and we should have another referendum for transit services and a new list of projects after 50 years. It is time. The big elephant in the room is that the state has codified into law that it shall not contribute any state funding although the state has several board members sitting on the MARTA board. The sales tax funding mechanism came about in 1971 because homeowners did not want transit funding done as part of property taxes. This is the reason that a referendum was held in 1971 for voters to approve the sales tax levy for 50 years. MARTA in its April 7, 2022 motion for legal fees claims asserts that I must be held accountable for the attorneys' fees and costs for exercising my right to petition the government through the courts while using peaceful means even though I have not exhausted my appeals and MARTA has not shown that I have acted in bad faith. My Complaint seeks to do two things: (1) to prevent MARTA from illegally continuing to "extend" the RTCAA beyond August 31, 2021; (2) to prevent MARTA from illegally continuing to levy a sales tax beyond August 31, 2021, without a new referendum. MARTA is spending taxpayer funds to deny citizens an opportunity to vote on whether a sales tax should be continued to be levied and the kinds of transit services projects they want to fund. MARTA seeks to prevent me from exercising my First Amendment right "to petition the Government for a redress of grievances". This right is at the heart of our democracy and the first and arguably the most important right. The government should not be able to use taxpayer money to deny citizens the right to petition their government and to intimidate and retaliate against citizens from seeking justice. I do not seek damages or legal fees. My lawsuit focuses on the MARTA transit service contract illegal extension and sales tax levy where voter approval is required in a referendum. The MARTA Board should not permit the law firm Holland and Knight to continue to pursue attorney fees against me and other citizens who are acting in the public interests and who are exercising their constitutional right to petition the government for redress and grievances. Citizens in Georgia have a right to seek justice, equity, due process, and equal justice in a court of law.

D. 10:00 A.M. PUBLIC HEARING
