

User Department's Recommendation SUBJECT: Sourcwell CA No. 082025-SUT 100 ft. Ladder Truck

Recommended Bidder: Sutphen Corporation meets our approval.

Funding: Vehicle replacement Fund

General Enterprise 3 Digit Fund Code #622

CIP Line Item No. (if applicable): _____

Disbarment and Suspension checks completed-Yes

Project Amount This Term: \$2,439,812.95

Justification:

It is recommended that Sutphen Corporation be the vendor for this 1 (one) Sutphen Heavy Duty 100' Mid-Mount Aerial Ladder Fire Truck, by reason of they have already been awarded the bid through Sourcwell Cooperative Purchasing Contract # 082025-SUT.

Buying off Sourcwell Cooperative Contract is as competitive as bidding on the open market but greatly reduces the overall procurement time since it's already gone through either a competitive bid process or competitive proposal process.

The Aerial Apparatus Fire Trucks are needed for the DeKalb County Fire Department. They will be used to transport firefighters and equipment to incidents for firefighting operations. These trucks are equipped with an extendable boom ladder the enables firefighters to reach high locations. These trucks can provide a high vantage point for spraying water and creating ventilation. Additionally, the trucks serve as an access and escape route for firefighters, as well as the people they may rescue.
