

Requisition 942924 for Motorola Solutions two way Radios

User Department's Recommendation

User Department Name: Code Compliance Administration

Recommended Bidder(s) meets our approval.

Bidder 1: Motorola Solutions, Inc. \$185,020.50 Bidder 2: _____
Name/Amount Name/Amount

Bidder 3: _____ Bidder 4: _____
Name/Amount Name/Amount

Project Amount This Term: \$185,020.50

Funding:

General Enterprise 3 Digit Fund Code 272

CIP Line Item No. (if applicable): _____

Justification: The order is to replace current equipment that was provided by Police department years ago. The equipment is outdated and use daily for officers to directly contact administrative staff for any question or essential property information. Additionally we use the two way communication equipment to contact police if needed for safety reasons or immediate assistance. This will be an update to antiquated equipment, because we have had the radio for over 15 years and they are now obsolete. The radios have started to fail and we've been advised by the DKPD communication equipment specialist, there are no replacement of that version, so we have to replace and upgrade. The current radio are supported by Mobile Communication; the same agency that support DKPD and the DeKalb Fire Department with prevented maintenance services on the current radios. Moving forward DKPD is no longer able to provide the required communication equipment Code Compliance requires. Please see the attached renewal document, as we are purchasing the equipment using DKPD existing contract.
