1. Barbara Vargas, 1856 Chrysler Drive - My name is Barbara Vargas. I'm a 32-year resident of 1856 Chrysler Drive in Briarcliff Woods. Five years ago, residents asked for a Small Area Plan for the area at Briarcliff and Clairmont. Fast forward to 2020. The County is presenting its draft of the 2021 Comprehensive plan update to citizens. The intersection of Briarcliff and Clairmont is one of the Neighborhood Activity Centers on page 70. But under "Small Area Plan," it says "None." Commissioners, we need your help to protect our neighborhoods. Our area is changing rapidly. Seven-thousand jobs are coming to the nearby Children's Healthcare Campus. Thousands of jobs will come to Emory's billion-dollar project at Executive Park. These workers will need places to live. And these places need to be nearby to reduce commuter traffic and its negative impact. New projects need to be of sufficient density to make financial sense and to attract quality developers. We realize that development isn't just approaching. It is coming at us like a freight train. We don't want to get run over. This week, you will be asked to vote on the draft of a Small Area Plan for Briarcliff and Clairmont. It was developed for DeKalb County by the highly-regarded professional planning firm Kimley-Horn, with input from property owners, area residents, neighborhood associations, and DeKalb's Planning Department. We need this Small Area Plan. Five or ten years from now will be too late. Developers are signing contracts to pay millions of dollars for a few acres of land. If we don't have a thoughtful, reasonable plan that protects our neighborhoods, they may annex into cities that allow far greater density. They will construct 15-story buildings that tower over our homes. I hope you will carefully consider the Briarcliff-Clairmont Small Area Plan. Help us keep our neighborhoods great places for generations to come - -and allow for the growth and progress DeKalb County needs. Thank you

2. Stephen Binney, (no address) - Good Morning Commissioners. Finally, a smooth, well run and effective Dekalb County election. The process to get here was not a thing of beauty with lots of debate, some bruised egos, and hurt feelings. However, it is the final result that matters and I hope this is the start of a new era in Dekalb elections. Well done. Over the next couple of months, the CEO's office is putting together the county's next budget with the help of our commissioners, hopefully. I would like to request that the CEO's office include the two newly elected commissioners, Ted Terry and Robert Patrick, in the process so that they can hit the ground running toward the approval of a budget in February. I ask Ms Jester and Ms Gannon to pass along any budget information they receive from the county to Mr Patrick and Mr Terry because during these times of pandemic and uncertainty the county's budget is even more important and everyone's input should be welcomed. Please don't let Dekalb's transfer of power process look like Trump's. Time for red flag #5 from the 2010 Grand Jury Investigation regarding our LSBE program. "Small LSBE contractors in unusual businesses" Front companies put together with a P.O. Box number as a mailing address. Headed by unqualified people with no employees. While this helps the bidder get the contract the LSBE company ends up doing no actual work. The general contractor actually performs the work with its own forces. How does this help local Dekalb County small businesses? It doesn't. The loss of jobs for county residents and the lack of expansion in local small businesses is nothing short of a crime. But in Dekalb County it is merely business as usual and nothing is being done to improve the process. In Item #1496 today you are going to allocate 1.7 million dollars of unspent park bond funds for the costs of an urban redevelopment project consisting of a new park development in Entrenchment Park. This land that you just swapped for with Blackhall studios last week. I thought Blackhall was going to be paying for the development of the new Entrenchment Park. The original county park land is now Blackhall's and what we got in return is now being defined as a "pocket of blight" and we are having to use taxpayer money to turn this "pocket of blight" back into the park we just traded away. Last week it was prime land that only needed some clean up but this week it is a "pocket of blight". Please make up your minds and tell

us the truth. Thank you for your time and consideration

3. Maartha Gross, (no address) - When the Comp Plan was being updated 5 years ago, we begged Long Range Planning for a focused and effective plan for both the intersection of North Druid Hills and Briarcliff and the intersection of Briarcliff and Clairmont. With Emory's Executive Park and Children's Health Care annexing into Brookhaven and constructing \$4 BILLION worth of hospitals and medical office space, we knew we needed a new plan for both areas and we needed it immediately. We knew development was inevitable and if we did not have an effective plan in place to shape development with resident input, commercial property owners would simply annex into Brookhaven (or Chamblee) and get the right to develop their entire campuses at 10 stories or greater, with zero input from residents of Unincorporated DeKalb. Fast forward to today. While Long Range Planning repeatedly promised us a focused and effective plan for greater density shaped by resident input at both intersections, NOTHING changed. Instead of being able to help shape the future of the commercial properties along North Druid Hills and Briarcliff, we have been completely cut out of the Planning Process, as more and more commercial owners have annexed into Brookhaven and some have obtained major entitlements without any input from us. One of the latest annexations was granted the right to build an estimated 3/4 of a Million Square Feet on a tract under 7 acres –Again with Zero Input from residents of Unincorporated DeKalb! Fortunately, we have a chance to stop the annexations with 2 privately funded Small Area Plans – one for the intersection of Briarcliff and Clairmont and one for what is left of the intersection of North Druid Hills and Briarcliff. The ancient and outdated concepts of Neighborhood Center, Town Center and Regional Center simply do NOT apply to our area! We are up against a 17-story hospital, 10-story office buildings, 8-story apartment projects and hotels, all granted rights to develop by Brookhaven. Highly regarded and ridiculously expensive Kimly Horn has achieved a phenomenal level of public input and support in conducting a Small Area Plan for the Clairmont/ Briarcliff intersection. We residents need your support to advance this professional planning process and hopefully stop the spread of annexation at these two intersections

4. Mike Marotta, 4921 Olaughlin Court (No city/zipcode) - My name is Mike Marotta (4921 Olaughlin Court) and I work on Buford Highway. I care deeply about the affordable housing problem in the corridor and am concerned about development plans at the Assembly contributing to the problem. We have a substantial shortage of affordable housing in the Buford Highway Corridor. A recent Emory University study showed that for every 100 low income households, there are less than 50 affordable units. And available units are disappearing as properties are being upgraded, demolished, or subsidies are expiring. And the condition of the few affordable units is not good. Over 40% of renters surveyed in the Emory study reported their housing as in poor condition. This housing is primarily for essential workers who are the backbone of our community. These Dekalb residents contribute to the rich diversity and vibrancy of our community and they are essential to our economic growth. So I'm asking for you to please hold the developer, AHS Residential, accountable to the commitment to include 20% affordable units in the development plans for the Assembly. That's just 169 of the 840 units planned. I'm also asking that the county plan to track and report affordable housing in the County. We want to know that you're watching this and won't let unmanaged development ruin our identity as a vibrant community. Thank you

5. Dr. Ed Williams, P.O. Box 361626 Decatur, GA 30036 - Good Morning Board of Registration and Elections: My name is Ed Williams, I am the chair of Concerned Citizens for Effective Government. I congratulate and thank DeKalb Board of Registration and Elections and its employees for the doing a great job

in holding the early voting and the general elections. I am glad that the election board has continued to update its website and place voter information on its website so that citizens can be informed of the most recent information and changes. This simple service made a big difference. The election board should keep this information up-to-date throughout the election process. DeKalb County should support everything that the election board needs in regards to technical support. Thank you board for making sure that the Election board had the financial and technical resources it needed. I stand with those that believe that citizens should have a voice and a choice. VOTE VOTE VOTE in the Run Offs. It is not over. Thank You
