SITE AND PROJECT ANALYSIS

The subject property comprises 12.04 acres on the south side of Rockbridge Road, approximately 708 feet west of Martin Road in Stone Mountain, Georgia. The site contains one single-family structure and vacant land and is heavily wooded. The site slopes moderately downward from Rockbridge Road. The site currently has an abundance of mature trees and vegetation. The proposal is for a 26-lot, single-family, residential subdivision with 9,600 square foot lots, 25% open space, and an amenity area. The concept plan submitted by the applicant indicates the proposed subdivision will provide one access to Rockbridge Road, a two-lane Minor Arterial road with curb and gutter and no sidewalks. There is also a secondary access proposed to Wexford Lane on the southwest corner of the site, which provides access to the adjacent single-family residential subdivision (Eddington).

The property is located in an area of the County that is exclusively zoned R-100. Surrounding uses include single-family detached homes in R-100 zoned subdivisions to the northwest, south, east, and west. These R-100 zoned subdivisions were developed in the 1980s and have remained as established neighborhoods since that time. The properties directly across the street from the subject property fall within the City of Stone Mountain's jurisdiction, and are zoned R-1 (Single-Family Residential) allowing minimum lot sizes of 10,000 square feet. Those properties were developed in the 1970s as part of the Rocksborough Subdivision.

The chart below shows a comparison of lot sizes in the nearby subdivisions.

Name	Location	Minimum Lot Size
Edington	Adjoining to the west	20,000 sq. ft.
Martins Corner	Approx1 mile to the east	20,000 sq. ft.
Rockbridge Woods	Approx1 miles to the northwest across Rockbridge Road	23,340 sq. ft.

LAND USE AND ZONING ANALYSIS

Section 27-7.3.5 of the Zoning Ordinance, "Standards and factors governing review of proposed amendments to the official zoning map" states that the following standards and factors shall govern the review of all proposed amendments to the zoning maps.

A. Whether the zoning proposal is in conformity with the policy and intent of the comprehensive plan:

The proposal is not consistent with the following policy of the 2035 Comprehensive Plan, which is intended to support and promote the orderly development of single-family residential areas: "Protect stable neighborhoods from incompatible development that could alter established single-family residential development patterns and density" (Suburban Character Area Policy No. 1). In addition, it is not consistent with the planning principle to locate denser developments closer to employment centers, services, more adequate infrastructure, and amenities, thereby reducing road congestion by providing convenient access to these destinations for higher numbers of people per acre.

B. Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties:

R-60 lot patterns allowing minimum lot sizes of 6,000 square feet are not consistent with that of the adjoining and surrounding R-100 zoned subdivisions with much larger minimum lot sizes between 15,000 square feet and 23,340 square feet in size.

C. Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned:

It appears that the property may have a reasonable economic use as currently zoned R-100 which allows single-family detached residential development on minimum lot sizes of 15,000 square feet.

D. Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby property:

The adverse effects of the rezoning proposal are not expected to be felt as much by adjoining property owners as by residents of nearby properties in a larger area around the subject property. The zoning proposal would contribute to a gradual change in the character of the area that surrounds it. It would generate more vehicular trips than the number that would be generated if the property were to be developed under the existing R-100 classification. While these changes might be unnoticeable on a daily basis to many of the property owners who currently live in nearby subdivisions, they would be part of a slowly forming trend towards densification in area of established subdivisions where densification is not appropriate.

E. Whether there are other existing or changing conditions affecting the use and development of the property, which give supporting grounds for either approval or disapproval of the zoning proposal:

The proposed R-60 zoning request allows minimum lot sizes of 6,000 square feet, and is not suitable in view of the use and development of adjacent and nearby properties. R-60 lot patterns are not consistent with that of the adjoining and surrounding R-100 zoned subdivisions with minimum lot sizes between 15,000 square feet and 23,340 square feet in size.

F. Whether the zoning proposal will adversely affect historic buildings, sites, districts, or archaeological resources:

Based on the submitted information, no historic buildings, sites, districts, or archaeological resources are located on the property or in the surrounding area.

G. Whether the zoning proposal will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools:

There has been no indication from reviewing departments and agencies that the proposal would cause excessive use of utilities. Comments received from the Board of Education indicate that impacts from this development on school capacity are expected to be minimal. The applicant will need to obtain a sewer capacity letter from the Department of Watershed Management to verify if sewer capacity is available.

H. Whether the zoning proposal adversely impacts the environment or surrounding natural resources:

The proposed development would not impact the environment to a greater degree than what is expected for single-family, residential development of a wooded property.

STAFF RECOMMENDATION: DENIAL

The proposal is not consistent with the following policy of the 2035 Comprehensive Plan, which is intended to support and promote the orderly development of single-family residential areas: "Protect stable neighborhoods from incompatible development that could alter established single-family residential development patterns and density" (Suburban Character Area Residential Protection Policy No. 1). In addition, it is not consistent with the planning principle to locate denser developments closer to employment centers, services, more adequate infrastructure, and amenities, thereby reducing road congestion by providing convenient access to these destinations for higher numbers of people per acre. R-60 lot patterns allowing minimum lot sizes of 6,000 square feet are not consistent with that of the adjoining and surrounding R-100 zoned subdivisions with much larger minimum lot sizes between 15,000 square feet and 23,340 square feet. Therefore, the proposed request will not permit a use that is suitable in view of the use and development of adjacent and nearby properties and is not consistent with the 2035 Comprehensive Plan polity to support and promote the orderly development of single-family residential areas. It is the recommendation of the Planning & Sustainability Department that the request be, respectfully, "Denied".

I. STATEMENT OF INTENT

The Applicant, Builders Professional Group, LLC, is seeking to rezone the property located at 5277 Rockbridge Road, being tax parcel no. 18 038 04 003 (the "Subject Property") from R-100 to R-60. The Applicant is seeking this rezoning to R-60 to allow for a 26-unit single family-detached subdivision. The proposed subdivision is 2.3 units/acre and would be very appropriate for the Subject Property. The proposed subdivision also includes 25% (2.89 acres) open space and an amenity area. The proposed R-60 zoning and proposed single family-detached subdivision are consistent with the suburban (SUB) future land use designation and would be appropriate for the area.

This document is submitted both as a Statement of Intent and Impact Analysis with regard to this Application, a preservation of the Applicant's constitutional rights, and the Impact Analysis. A surveyed plat and conceptual site plan of the Subject Property controlled by the Applicant has been filed contemporaneously with the Application, along with other required materials.

II. IMPACT ANALYSIS

(a) The existing land uses and zoning classification of nearby property;

The Subject Property is located on Rockbridge Road and is zoned R-100, with a land use designation of SUB. Other properties in the area are zoned R-100 with a future land use designation of SUB.

(b) The effect on adjacent properties;

The proposed 26-unit subdivision is suitable for the area and will not adversely affect adjacent properties. The proposed project will be an asset to the greater community adding more housing options to the area.

(c) Whether the subject property has a reasonable economic use as currently zoned;

The Subject Property has minimal economic use as currently zoned. Due to building costs and current market trends, the Subject Property would be better suited with smaller lots than allowed with its current zoning classification.

(d) Whether the proposed zoning will be a use that is suitable in view of the use and development of adjacent and nearby property;

The proposed R-60 zoning and associated proposed development are suitable in view of the use and development adjacent and nearby property. The surrounding properties are primarily residential, similar to the proposed subdivision. Future residents of the proposed subdivision would also have the opportunity to support local businesses and enjoy the nearby Wade Walker Park.

(e) Whether the proposed zoning will adversely affect the existing use or usability of adjacent or nearby property;

The proposed use will not adversely affect the existing use or usability of adjacent or nearby property. The proposed community will add 26 homes on the Subject Property, which would be an asset, rather than an adversity, for the greater neighborhood.

(f) Whether the zoning proposal is in conformity with the policies and intent of the land use plan;

The zoning proposal is in conformity with the policies and intent of the land use plan. The future land use designation of the Subject Property is SUB, and the proposed R-60 zoning classification is in line with that.

(g) Whether the zoning proposal will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools; and

The proposed use, a 26-unit single family-detached community, will not cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools

(h) Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal.

To the Applicant's knowledge, there are no other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the proposed rezoning to R-60.

III. CONCLUSION

For the foregoing reasons, the Applicant respectfully requests that the Rezoning Application at issue be approved. The Applicant also invites and welcomes any comments from Staff or other officials of DeKalb County so that such recommendations or input might be incorporated as conditions of approval of this Application. Please note that the Applicant's Notice of Constitutional Allegations and Preservation of Constitutional Rights has been submitted with this Application and are attached hereto and by this reference incorporated herein.

NOTICE OF CONSTITUTIONAL ALLEGATIONS AND PRESERVATION OF

CONSTITUTIONAL RIGHTS

The portions of the DeKalb County Zoning Ordinance, facially and as applied to the Subject Property, which restrict or classify or may restrict or classify the Subject Property so as to prohibit its development as proposed by the Applicant are or would be unconstitutional in that they would destroy the Applicant's property rights without first paying fair, adequate and just compensation for such rights, in violation of the Fifth Amendment and Fourteenth Amendment of the Constitution of the United States and Article I, Section I, Paragraph I of the Constitution of the State of Georgia of 1983, Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and would be in violation of the Commerce Clause, Article I, Section 8, Clause 3 of the Constitution of the United States.

The application of the DeKalb County Zoning Ordinance to the Subject Property which restricts its use to any classification other than that proposed by the Applicant is unconstitutional, illegal, null and void, constituting a taking of Applicant's Property in violation of the Just Compensation Clause of the Fifth Amendment to the Constitution of the United States, Article I, Section I, Paragraph I, and Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and the Equal Protection and Due Process Clauses of the Fourteenth Amendment to the Constitution of the United States denying the Applicant an economically viable use of its land while not substantially advancing legitimate state interests.

A denial of this Application would constitute an arbitrary irrational abuse of discretion and unreasonable use of the zoning power because they bear no substantial relationship to the public health, safety, morality or general welfare of the public and substantially harm the Applicant in violation of the due process and equal protection rights guaranteed by the Fifth Amendment and Fourteenth Amendment of the Constitution of the United States, and Article I, Section I, Paragraph I and Article I, Section III, Paragraph 1 of the Constitution of the State of Georgia.

A refusal by the DeKalb County Board of Commissioners to grant the Special Land Use Permit as requested by the Applicant would be unconstitutional and discriminate in an arbitrary, capricious and unreasonable manner between the Applicant and owners of similarly situated property in violation of Article I, Section I, Paragraph II of the Constitution of the State of Georgia of 1983 and the Equal Protection Clause of the Fourteenth Amendment to the Constitution of the United States. Any granting of the Special Land Use Permit subject to conditions which are different from the conditions requested by the Applicant, to the extent such different conditions would have the effect of further restricting Applicant's utilization of the property, would also constitute an arbitrary, capricious and discriminatory act in zoning the Subject Property to an unconstitutional classification and would likewise violate each of the provisions of the State and Federal Constitutions set forth hereinabove.

A refusal to grant the Special Land Use Permit in question would be unjustified from a fact-based standpoint and instead would result only from constituent opposition, which would be an unlawful delegation of authority in violation of Article IX, Section II, Paragraph IV of the Georgia Constitution.

A refusal to approve the Special Land Use Permit in question would be invalid inasmuch as it would be denied pursuant to an ordinance which is not in compliance with the Zoning

Procedures Law, O.C.G.A Section 36-66/1 et seq., due to the manner in which the Ordinance as a whole and its map(s) have been adopted.

The existing zoning classification on the Subject Property is unconstitutional as it applies to the Subject Property. This notice is being given to comply with the provisions of O.C.G.A. Section 36-11-1 to afford the County an opportunity to revise the Property to a constitutional classification. If action is not taken by the County to rectify this unconstitutional zoning classification within a reasonable time, the Applicant is hereby placing the County on notice that it may elect to file a claim in the Superior Court of DeKalb County demanding just and adequate compensation under Georgia law for the taking of the Subject Property, diminution of value of the Subject Property, attorney's fees and other damages arising out of the unlawful deprivation of the Applicant's property rights.

This 2st day of September, 2021.

Respectfully submitted.

Subject: Trip Generation for Proposed Rockbridge Road Residential Subdivision

DeKalb County, Georgia

The trip generation was calculated for a proposed single family residential subdivision in DeKalb County, Georgia. The site is located along the south side of Rockbridge Road, as shown in Figure 1.

Figure 1 - Site Location Map

The site will be developed with 26 single family homes which will be served by one full-movement access on Rockbridge Road. The site plan is presented in Figure 2.

Figure 2 – Site Plan

The volume of traffic that will be generated by the proposed subdivision was calculated using the equations in the Institute of Transportation Engineers (ITE) *Trip Generation Manual*, 10th Edition — with Supplement (the current edition). ITE Land Use 210 — Single-Family Detached Housing was chosen as representative of the project. The trip generation is summarized in Table 1.

Table 1 – Rockbridge Road Subdivision Trip Generation

Land Use	ITE	Cina	A.I	M. Peak H	our	P.	M. Peak H	our	24-Hour
	Code	Size	In	Out	Total	In	Out	Total	2-Way
Single Family Homes	210	26 homes	6	17	23	18	10	28	302

The proposed subdivision will generate 23 a.m. peak hour trips, 28 p.m. peak hour trips, and 302 weekday trips.
