THROUGH: Felecia Green, Deputy Director – Innovation & Technology
SUBJECT: Oracle Public Sector Technical Cloud Support Services Agreement –
2022 Renewals
DATE: February 22, 2022

The Innovation and Technology Department (IT) has received the annual (2022) renewal quotes from Oracle Support Services for existing software licenses and support services for Oracle Cloud Enterprise Software Applications. The County currently has seven (7) separate software agreements, with each having a different expiration date. The earliest to expire is March 25, 2021.

To continue to secure support services for the County's Oracle applications, the Innovation and Technology Department is requesting Purchasing & Contracting assistance and guidance in preparing the necessary documents for renewal of Oracle Cloud Software License Support and Maintenance. The total cost for the contract period is \$2,786,413.38. This will be funded by the General Fund 100, Maintenance and Repair 522201.

IT is requesting that this renewal be placed on the Purchasing and Contracting BOC Agenda at the earliest date possible to ensure BOC approval, and renewals can be fully executed.

Thank you for your consideration in this matter. If additional information is required, please contact Angela D. Green at 470-755-2241.
