Sole Source (Please check box and answer all of the following completely.)

1. Provide an explanation why the product, service or supplier requested is the only method that can satisfy the requirements. Please explain why alternatives are unacceptable. Be specific with regard to specification, features, characteristics, requirements, capabilities and compatibility. (Attach additional documents, if necessary):

Analogous to our County banking relationship, a change in this vendor prior to enQuesta's implementation, the county's new utility billing system, will further delay the implementation of enQuesta.

2. Will this purchase obligate us to a particular vendor for future purchases? (Either in terms of maintenance that only this vendor will be able to perform and/or if we purchase this item, will we need more "like" items in the future to match this one?) Explain in detail.

No, pay-by-phone/web/ivr service will be a part of the enQuesta implementation. The County is currently working with enQuesta and Invoice Cloud, which will be the vendor whose software will be used for these services.

3. Explain the impact to the County or Public if this request is not approved.

Pay-by-phone/web/ivr would not be a payment option until enQuesta's implementation. There were approximately 450,000 transactions associated with approximately \$100 million in revenue in 2021.

I hereby request that this non-competitive procurement request be approved for the purchase of the above stated work, material, equipment, commodity, or service.
