Ref: Sole Source Letter

To Deloris Robinson, Procurement Deputy Director

The Motorola Solutions 800MHZ Project 25 Trunked System that is used in the DeKalb County has several features that are proprietary in nature and unique in design. These features include but are not necessarily limited to:

- (1) Motorola Solutions Smartzone technology
- (2) Motorola Solutions Simulcast technology
- (3) Motorola Solutions System Software
- (4) Motorola Solutions P25 system technology

Motorola Solutions is the only company that can provide these specific services noted above for the DeKalb County Radio Network infrastructure. Thank you for allowing Motorola the continuing opportunity to be your service provider.

If you have any questions, please contact me at (404) 376-3536 or Sean Fritchey at (770) 313-7745.

Sincerely,
