RE: Sole Source Letter for **Accurint Virtual Crime Center (AVCC)**

LexisNexis is the creator and sole source vendor of **Accurint Virtual Crime Center (AVCC)**. No other company, entity, or individual has re-seller or distribution rights to AVCC or any of its accompanying documentation.

The AVCC application was created out of a need for one product to provide the following, linked together via one login:

- Assist with data linking, using our patented, public records data resolution and linking technology (LexID), which draws nonobvious connections between subjects. This technology maximizes investigative confidence by delivering more precise and more reliable results with a 99.97% accuracy.
- Search across your own law enforcement data, law enforcement data from other nearby jurisdictions and LexisNexis public record data, all in one search.
- View results of a combined law enforcement data and public record data visually in a geo-spatial map and on a link analysis chart.
- Access real-time nationwide public records databases.
- Gain important insight through data linking and automated analytics, integrated across solutions.

No other vendor or application available for purchase today, has the capabilities included in AVCC.

If you have any questions or would like clarification on any of these items, please contact me at (561) 537-9770 or via email at Todd.Kinsler@LexisNexisRisk.com

Thank you,
