Sole Source **Single Source** (Please check one box and answer all of the following completely.)

1. Provide an explanation why the product, service or supplier requested is the only method that can satisfy the requirements. Please explain why alternatives are unacceptable. Be specific with regard to specification, features, characteristics, requirements, capabilities and compatibility. (Attach additional documents, if necessary.):

LexisNexis is the sole source provider of Accurint. This product uses proprietary algorithms to access records and deliver high quality matches. This information can be crucial to detectives conducting investigations.

2. Will this purchase obligate us to a particular vendor for future purchases? (Either in terms of maintenance that only this vendor will be able to perform and/or if we purchase this item, will we need more "like" items in the future to match this one?) Explain in detail.

This purchase will not obligate us for future purchase but is it an ongoing contract that the department has renewed annually due to its value for assisting with investigations.

3. Explain the impact to the County or Public if this request is not approved.

The investigative capabilities of our detectives would be hindered by a limit on intelligence that is needed for investigations. Without the data from this product, the ability of detectives to solve and investigate cases would be hindered.

I hereby request that this non-competitive procurement request be approved for the purchase of the above stated work, material, equipment, commodity, or service.
