General Contract Information

DOAS competed and awarded the Statewide Contracts for Software by Category. The Categories of Software that each supplier’s contract award includes are identified on the Information Sheet for the Supplier.

Suppliers submitted proposals to provide software from specific publishers at certain discounts from publisher’s standard price (equivalent to an MSRP) as shown on the cost sheet for the relevant supplier and category.

All discounts shown are minimum discounts, and suppliers may provide additional or deeper discounts to state and local agencies under the Statewide Contracts for Software.

Agencies should ask for “Academic pricing” if they are obtaining quotes for schools, colleges or administrative offices of educational organizations. The discounts available may differ depending on the type of academic organization; academic

organizations receive significantly lower prices or significantly deeper discounts from many software publishers.

Agencies must place purchase orders prior to downloading or using software. Unless the agency acquires a perpetual license and does not incur charges for maintenance, the agency must also place a purchase order each year prior to incurring software renewal fees or maintenance or other charges.

For Category 3, Microsoft Reseller Services, the State has three (3) authorized resellers: CDWG, Dell and SHI. Each reseller may deliver software under any of the State of Georgia master agreements with Microsoft. These include the Enterprise Agreement, the Select Plus Agreement for State and Local Government, the Select Plus Academic Agreement, and an EES Agreement. Each supplier that holds a contract that includes Category 3 has certified Microsoft licensing specialists who are trained to provide assistance on the various Microsoft licensing programs.

The Statewide Contracts for Software include training, assessment and installation services. The contracts do not include implementation services or project work. Please see the Exhibit A to each supplier's contract for details of the services permitted to be provided through that contract.

CATEGORY DESCRIPTION

Category 1: End User Software. Generally, these are desktop software products.

Category 2: Enterprise Software. These are server-based systems.

Category 3: **Microsoft Reseller Services**. See above for more detail about State's Agreements for Microsoft software.

Category 4: Oracle Software and Databases (including PeopleSoft). Category 4 contracts are Convenience contracts.
