Proposed Units/Square Ft.: 42 single-family attached

Proposed Lot Coverage: NA Existing Lot Coverage: NA

Staff Recommendation: TWO CYCLE DEFERRAL

The proposed RSM request is not consistent with the purpose and intent of the RSM zoning district to "allow flexibility in design and product on the interior of new development while protecting surrounding neighborhoods" since the proposed single-family, attached townhomes are not located in the interior of the site. Since the request is not consistent with the

purpose and intent of RSM zoning, it is not compatible with adjacent and nearby properties (Sec 7.4.6.A). Therefore, it appears that the proposed rezoning request is not consistent with the policies and strategies of the Suburban Character Area to protect stable neighborhoods from incompatible development that could alter established single-family residential development patterns (Suburban Residential Protection Strategy, p. 115). The plan also proposes a 1,750 foot long roadway between the proposed townhomes and the western edge of the property, which is almost three times as long as the 600-foot maximum block length allowed by Section 5.1.1.B.2 of the *Zoning Ordinance*. This road layout does not appear to comply with the intent of Section 5.1.1.A.3 of the *Zoning Ordinance*, which calls for "vehicular circulation at safe speeds." Since the road layout does not comply with the *Zoning Ordinance*, the plan does not appear to be compatible with adjacent and surrounding properties (Sec. 7.3.5.B).

There are also some details that need to be provided and/or clarified to ensure that the plan is conforming to RSM zoning standards and is compatible with adjacent and surrounding properties as follows:

- 1. <u>Tabular Data</u>. Additional tabular data needs to be provided relating to the following: a. indicate what density bonuses are being used to achieve a density greater than 4 units per acre (RSM allows 4 units per acre by right, with any density above that only allowed via provision of density bonuses); b. provide maximum lot coverage for the single-family detached lots; c. provide maximum building height of proposed townhomes, etc.; d. site plan shows townhomes as attached, but typical layout shows townhomes as detached—please clarify if the townhomes are attached or detached. These issues needs to be corrected to show conforming with zoning ordinance requirements which contributes to compatibility with surrounding properties.
- 2. <u>Stub Out</u>: The plan needs to provide road stub-out at the western end of the property to provide future inter-parcel connection to future development on the abutting property to the west to show compliance with Section 6.1.C (Shared Driveways and Interparcel Access) of the *Zoning Ordinance*.

Since the May 26th Board of Commissioners meeting there have been no revised plans submitted. Planning Department received a request from the applicant on June 9, 2022 requesting this item be deferred full cycle (see attached). The Planning & Sustainability Department recommends a "Two Cycle Deferral" to allow sufficient time for the applicant to redesign the plan to comply with the intent of the RSM zoning as well as address compliance with the maximum 600 foot block length and provide for vehicular circulation at safe speeds as called for by Section 5.1.1.A.3 of the Zoning Ordinance.

ZONING HISTORY

The subject property has been zoned R-100 (Residential Medium Lot-100) since the initial adoption of the *DeKalb County Zoning Ordinance* in 1956. The property has been included in the Bouldercrest-Cedar Grove-Moreland Overlay District, Tier 5 since its adoption on March 26, 2013. The subject property is also located in the Soapstone Historic Overlay District.

PROJECT ANALYSIS

The subject property comprises 22.14 acres on the west side of Bouldercrest Road, approximately 360 feet south of Boulder Springs Point at 4401 Bouldercrest Road in Ellenwood, Georgia. The request proposes to remove the Bouldercrest Overlay District designation on the property and change the underlying zoning from R-100 (Residential Medium Lot-100) to RSM (Small Lot Residential Mix). The site contains vacant land, is moderately flat, and has an abundance of mature trees and vegetation. The site proposes points of access off of Bouldercrest Road on the east side of the property, with 42 rear loaded, single-family, attached townhomes between these two roads. There is a stream buffer and floodplain in the center of the site, and the applicant is proposing 58 single-family detached homes between the townhomes and the western edge of the property via a 1,750-foot-long roadway. The proposed density is 4.5 units per acre. The RSM district allows a maximum base density of four units per acre, with a maximum density up to 8 units per acre if certain community

enhancements or provisions are provided. The applicant has not indicated any proposed density bonuses/enhancements.

The property has frontage along Bouldercrest Road, a two-lane, major-arterial, road with a center left turn lane, curb and gutter, with no sidewalks along this portion of Bouldercrest Road. Sidewalks are proposed along the proposed private roads, but the plan does not show street trees along the entire road frontage, as required by the *Zoning Ordinance*. Cursory transportation comments were unavailable at the time of this report.

Since the May 26th Board of Commissioners meeting there have been no revised plans submitted. Planning Department received a request from the applicant on June 9, 2022 requesting this item be deferred full cycle (see attached). The Planning & Sustainability Department recommends a "Two Cycle Deferral" to allow sufficient time for the applicant to redesign the plan to comply with the intent of the RSM zoning as well as address compliance with the maximum 600 foot block length and provide for vehicular circulation at safe speeds as called for by Section 5.1.1.A.3 of the Zoning Ordinance.

<u>Supplemental Requirements:</u> There are no supplemental regulations in the *Zoning Ordinance* for detached or attached single-family homes.

LAND USE AND ZONING ANALYSIS

Section 27-7.3.5 of the Zoning Ordinance, "Standards and factors governing review of proposed amendments to the official zoning map" states that the following standards and factors...shall govern the review of all proposed amendments to the zoning maps.

A. Whether the zoning proposal is in conformity with the policy and intent of the comprehensive plan:

The proposed RSM request is not consistent with the purpose and intent of the RSM zoning district to "allow flexibility in design and product on the interior of new development while protecting surrounding neighborhoods" since the proposed single-family, attached townhomes are not located in the interior of the site. Since the request is not consistent with the purpose and intent of RSM zoning, it is not compatible with adjacent and nearby

06/10/2022 Prepared By: JLR Page 5 Z-22-1245544/D.4

properties. Therefore, it appears that the proposed rezoning request is not consistent with the policies and strategies of the Suburban Character Area to protect stable neighborhoods from incompatible development that could alter established single-family residential development patterns (Suburban Residential Protection Strategy, p. 115).

B. Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties:

Surrounding uses include traditional, two-story, suburban, single-family homes and vacant land. Since the request is not consistent with the purpose and intent of RSM zoning, it is not compatible with adjacent and nearby properties. While there are RSM zoned parcels nearby, they do not contribute to the consideration of this application.

C. Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned:

It appears that the property may have a reasonable economic use, as currently zoned (i.e., R-100), which allows single-family, detached residential development.

D. Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby property:

The proposed three-story townhomes at the edge of the property are not consistent with the predominant two-story building heights of the surrounding single-family area and the request is not consistent with the purpose and intent of RSM zoning. Therefore, it appears that the zoning proposal may adversely affect the use of adjacent and nearby properties.

E. Whether there are other existing or changing conditions affecting the use and development of the property, which give supporting grounds for either approval or disapproval of the zoning proposal:

The subject property falls within a SUB (Suburban) character area which calls for protecting established residential neighborhoods (Suburban Residential Protection Strategy, p. 115).

F. Whether the zoning proposal will adversely affect historic buildings, sites, districts, or archaeological resources:

The subject property is located in the Soapstone Historic Overlay District (archaeological). A preliminary assessment (or full evaluation) must be conducted for artifacts and the findings must be reviewed by the Historic Preservation Commission.

G. Whether the zoning proposal will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools:

There has been no indication from reviewing departments and agencies that the proposal could cause excessive use of existing streets, utilities, or schools. The Transportation Department is still reviewing the proposal. The applicant will need to obtain a sewer capacity letter from the Department of Watershed Management to verify

06/10/2022 Prepared By: JLR Page 6 Z-22-1245544/D.4

if sewer capacity is available.

H. Whether the zoning proposal adversely impacts the environment or surrounding natural resources:

There is a stream buffer and floodplain in the center of the site which could be impacted by the site layout. The plan needs to provide road a stub-out at the western end of the property to provide future inter-parcel connection to future development on the abutting property to the west to show compliance with Section 6.1.C (Shared Driveways and Interparcel Access) of the *Zoning Ordinance*.

The following areas below may warrant comments from the Development Division. Please respond accordingly as the issues relate to the proposed request and the site plan enclosed as it relates to Chapter 14. You may address applicable disciplines.

DEVELOPMENT ANALYSIS:

• Storm Water Management

Compliance with the Georgia Stormwater Management Manual, DeKalb County Code of Ordinances 14-40 for Stormwater Management and 14-42 for Storm Water Quality Control (sections have been amended recently; please request the amended chapter), to include Runoff Reduction Volume where applicable is required as a condition of land development permit approval. Use Volume Three of the G.S.M.M. for best maintenance practices. Use the NOAA Atlas 14 Point Precipitation Data set specific to the site. Recommend Low Impact Development features/ Green Infrastructure be included in the proposed site design to protect as much as practicable the statewaters and special flood hazard areas.

• Flood Hazard Area/Wetlands

The presence of FEMA Flood Hazard Area was indicated in the County G.I.S. mapping records for the site; and should be noted in the plans at the time of any land development permit application. Encroachment of flood hazard areas require compliance with Article IV of Chapter 14 and FEMA floodplain regulations

• Landscaping/Tree Preservation

This document is submitted both as a Statement of Intent and Impact Analysis with regard to this Application, a preservation of the Applicant's constitutional rights, and the Impact Analysis.

A surveyed plat and conceptual site plan of the Subject Property controlled by the Applicant has been filed contemporaneously with the Application, along with other required materials.

II. IMPACT ANALYSIS

(a) The existing land uses and zoning classification of nearby property;

The Subject Property is located on Bouldercrest Road and is currently zoned R-100, with a land use designation of SUB. Zoning classifications of surrounding properties include M-1, R-75, RSM, and R-100. Land uses of surrounding properties include COS and SUB.

(b) The effect on adjacent properties;

The proposed mixed-use building is suitable for the area and will not adversely affect adjacent properties. The proposed project will be an asset to the greater community by adding a mixture of dwelling units.

(c) Whether the subject property has a reasonable economic use as currently zoned;

The Subject Property does not have a reasonable economic use as currently zoned. The parcel is quite long and narrow and is to be established as an infill development.

(d) Whether the proposed zoning will be a use that is suitable in view of the use and development of adjacent and nearby property;

The proposed RSM zoning will be a use that is suitable in view of the use and development of adjacent and nearby property. The proposal is consistent with the Suburban future land use designation, as well as with the overwhelmingly residential nature of the surrounding properties.

(e) Whether the proposed zoning will adversely affect the existing use or usability of adjacent or nearby property;

The proposed zoning will not negatively impact the existing use or usability of adjacent or nearby property. The proposed 100 homes will increase housing options in the area, and therefore will be an asset to the greater community.

(f) Whether the zoning proposal is in conformity with the policies and intent of the land use plan;

The proposed live/work/retail building is in conformity with the policies and intent of the Suburban future land use.

(g) Whether the zoning proposal will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools; and

To the Applicant's knowledge, the proposed use will not cause any excessive or burdensome use on the existing streets, transportation facilities, utilities, or schools in the area.

(h) Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal.

To the Applicant's knowledge, there are no other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal.

III. CONCLUSION

For the foregoing reasons, the Applicant respectfully requests that the Rezoning Application at issue be approved. The Applicant also invites and welcomes any comments from Staff or other officials of DeKalb County so that such recommendations or input might be incorporated as conditions of approval of this Application. Please note that the Applicant's Notice of Constitutional Allegations and Preservation of Constitutional Rights has been submitted with this Application and are attached hereto and by this reference incorporated herein.

This 21st day of February 2022.

Respectfully submitted,

Michele Battle /DLB

Michèle L. Battle, Esq. Attorney For Applicant

NOTICE OF CONSTITUTIONAL ALLEGATIONS AND PRESERVATION OF

CONSTITUTIONAL RIGHTS

The portions of the DeKalb County Zoning Ordinance, facially and as applied to the Subject Property, which restrict or classify or may restrict or classify the Subject Property so as to prohibit its development as proposed by the Applicant are or would be unconstitutional in that they would destroy the Applicant's property rights without first paying fair, adequate and just compensation for such rights, in violation of the Fifth Amendment and Fourteenth Amendment of the Constitution of the United States and Article I, Section I, Paragraph I of the Constitution of the State of Georgia of 1983, Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and would be in violation of the Commerce Clause, Article I, Section 8, Clause 3 of the Constitution of the United States.

The application of the DeKalb County Zoning Ordinance to the Subject Property which restricts its use to any classification other than that proposed by the Applicant is unconstitutional, illegal, null and void, constituting a taking of Applicant's Property in violation of the Just Compensation Clause of the Fifth Amendment to the Constitution of the United States, Article I, Section I, Paragraph I, and Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and the Equal Protection and Due Process Clauses of the Fourteenth Amendment to the Constitution of the United States denying the Applicant an economically viable use of its land while not substantially advancing legitimate state interests.

A denial of this Application would constitute an arbitrary irrational abuse of discretion and unreasonable use of the zoning power because they bear no substantial relationship to the public health, safety, morality or general welfare of the public and substantially harm the Applicant in violation of the due process and equal protection rights guaranteed by the Fifth Amendment and Fourteenth Amendment of the Constitution of the United States, and Article I, Section I, Paragraph I and Article I, Section III, Paragraph 1 of the Constitution of the State of Georgia.

A refusal by the DeKalb County Board of Commissioners to grant the Special Land Use Permit as requested by the Applicant would be unconstitutional and discriminate in an arbitrary, capricious and unreasonable manner between the Applicant and owners of similarly situated property in violation of Article I, Section I, Paragraph II of the Constitution of the State of Georgia of 1983 and the Equal Protection Clause of the Fourteenth Amendment to the Constitution of the United States. Any granting of the Special Land Use Permit subject to conditions which are different from the conditions requested by the Applicant, to the extent such different conditions would have the effect of further restricting Applicant's utilization of the property, would also constitute an arbitrary, capricious and discriminatory act in zoning the Subject Property to an unconstitutional classification and would likewise violate each of the provisions of the State and Federal Constitutions set forth hereinabove.

A refusal to grant the Special Land Use Permit in question would be unjustified from a fact-based standpoint and instead would result only from constituent opposition, which would be an unlawful delegation of authority in violation of Article IX, Section II, Paragraph IV of the Georgia Constitution.

A refusal to approve the Special Land Use Permit in question would be invalid inasmuch as it would be denied pursuant to an ordinance which is not in compliance with the Zoning Procedures Law, O.C.G.A Section 36-66/1 et seq., due to the manner in which the Ordinance as a whole and its map(s) have been adopted.

The existing zoning classification on the Subject Property is unconstitutional as it applies to the Subject Property. This notice is being given to comply with the provisions of O.C.G.A. Section 36-11-1 to afford the County an opportunity to revise the Property to a constitutional classification. If action is not taken by the County to rectify this unconstitutional zoning classification within a reasonable time, the Applicant is hereby placing the County on notice that it may elect to file a claim in the Superior Court of DeKalb County demanding just and adequate compensation under Georgia law for the taking of the Subject Property, diminution of value of the Subject Property, attorney's fees and other damages arising out of the unlawful deprivation of the Applicant's property rights.

4101 Bouldercrest Road Ellenwood, GA – Trip Generation Memo February 16, 2022

Project Description

A 100-unit residential development is proposed to be built at 4101 Bouldercrest Rd in Ellenwood, GA. A trip generation analysis was requested and is provided below.

Figure 1: Site Aerial

Roadway Facilities

Bouldercrest Rd SE is a two-lane undivided roadway running primarily north to south with a posted speed limit of 45 mph. The roadway is functionally classified by GDOT as a Minor Collector.

Trip Generation and Distribution

A trip generation for the proposed development was created using the Institute of Traffic Engineers (ITE) Trip Generation Manual 11th Edition, 2021. A summary of the trip generation can be found below in Table 1.

Table 1: Trip Generation Summary

| | Land Use Information | Total | Project Trip Inbound | s Outbound | Equation Used ¹ | In / Out Distribution |
|-------|-------------------------------|-------|-------------------------|---------------|-------------------------------------|--------------------------|
| 210 - | Single-Family Detached Housin | ng | | | 58 | Dwelling Unit |
| | Daily | 611 | 306 | 305 | Ln(T) = 0.92Ln(X)+2.68 | 50% / 50% |
| | AM Peak Hour | 45 | 12 | 33 | Ln(T) = 0.91Ln(X)+0.12 | 26% / 74% |
| | PM Peak Hour | 60 | 38 | 22 | Ln(T) = 0.94Ln(X)+0.27 | 63% / 37% |
| 215 - | Single-Family Attached Housin | g | | | 42 | Dwelling Unit |
| | Daily | 270 | 135 | 135 | T = 7.62(X) - 50.48 | 50% / 50% |
| | AM Peak Hour | 16 | 5 | 11 | T = 0.52(X) - 5.70 | 31% / 69% |
| | PM Peak Hour | 21 | 12 | 9 | T = 0.60(X) - 3.93 | 57% / 43% |
| | Total Trip Generation | | | | | |
| | Daily | 881 | 441 | 440 | 210-Single-Family Detached Housing | |
