(Additional information, attach pages if required):

The Sanitation Division utilizes CNG fuel for its entire fleet of CNG garbage trucks/vehicles. The Seminole Landfill CNG fuel station, owned by Sanitation, will be inaccessible for approximately one month, beginning the end of April or early May, due to repairs on the natural gas pipeline by the Atlanta Gas Light Company.

Currently, our contract with AFS is for one CNG station located on Buford Hwy. I contacted AFS, and they do not have any CNG station that is within the 20-mile radius from the landfill.

During the shutdown period of our CNG station, we will need to redirect our CNG trucks/vehicles to the nearest two CNG stations owned by PS Energy.

I contacted PS Energy, and they are willing to allow our trucks to purchase fuel at their stations using their company's CNG fuel cards. The fuel cards will be issued within 4-5 business days upon the receipt of a purchase order. Sanitation has about 184 trucks/vehicles. We estimate that the cost for this one-month period will be approximately \$150K - \$175K. Below are the two nearest CNG stations:

2490 Lithonia Industrial Blvd. Lithonia, 30058

1833 Tucker Industrial Blvd. Stone Mountain. 30084

March 4, 2019

Ms. Talisa Clark, CPO
DeKalb County Department of Purchasing & Contracting

Re: CNG Fuel Stations

Dear Ms. Clark:

This letter will confirm that PS Energy Group's CNG Fuel Stations which are located at 2490 Lithonia Industrial Blvd., Lithonia, GA 30058 and at 1833 Tucker Industrial Blvd., Stone Mountain, GA 30084 are the closest existing CNG fuel stations within 20 miles of the County's Sanitation Seminole Road Landfill and the East Collection Lot locations and are also the most convenient for your vehicles to access.

If you have any questions, please do not hesitate to contact me at (404) 609-0548.

Sincerely,

Business Development Representative
