Company	Contact #	Contact Person	Receive proposal? Yes/No	New Contact/Address Information	Non-Response Justification	Bid in Future
INX Partners	770-868-6183	Judy Swawick	Yes	N/A	They were not in the position to operate as a prime due to the physical limitations of their facility. Office space is not sufficient for the training and foot traffic necessary for the performance of the services.	Yes
Apple One	850-322-1626	Mike Mason	Yes	N/A	Do not have the resources to provide all the required services and did not want to underperform on the contract.	Yes
The Ringer Center of Excellence	678-357-5508	Nattlie Ringer	Yes	N/A	This was not a good time to bid due to family emergency.	Yes
Results Summary	Three bids were received and two were deemed non-responsive. Firms who attended the non-mandatory pre-bid meeting were contacted and it appears that bidders either did not have the resources to perform the services or other responsibilities that were in conflict with the timing of the bid submittal. In addition, the WIOA regulations and required qualification documents may have led to low participation.
