

## MEMORANDUM

---

July 15, 2021

To: DeKalb County Board of Commissioners

From: Robert Patrick, District 1  
Board of Commissioners

Subject: **Mid-Year Budget Review Project Requests: Sidewalk Mapping System**

---

As part of the mid-year budget review, District 1 would like to request the Board of Commissioner and County Administration to consider the following projects for the FY2021-2022 budget.

- **Sidewalk Mapping:** The County should consider a comprehensive sidewalk inventory mapping system that would identify accessibility, barriers, and other pertinent information related to the County's sidewalk network. The purpose of such a system would allow the County to identify areas where connectivity and accessibility may need improvements.
