PURPOSE:

Migrating iasWorld to a cloud hosting SAAS eliminates the need for the County to support the physical infrastructure of the system to prevent possible hardware failure that may result in the County not being able to assess or collect property taxes. Tyler Technologies is the sole developer, implementer and hosting agent of its proprietary iasWorld software system.

RECOMMENDATION:

Recommend approval of the Sole Source with:

Tyler Technologies, 1 Tyler Way, Moraine, OH 45439
