**PURPOSE:**

To accept the “Public Safety and Community Violence Reduction Grant/Personal Care and Medical Transport Services Project” on behalf of the DeKalb County Sheriff’s Office for the purpose of providing inmate transport services

**NEED/IMPACT:**

While a tremendous amount of work has been implemented around the state to improve Georgia’s recidivism rates, most of this work, including the Georgia-Prisoner Reentry Initiative (GA-PRI), has focused on inmates in state prisons. To date, no initiatives of significant size and scope have been implemented for those detained in local jail systems with a specific focus on individuals with mental health, co-occurring substance use, and serious medical challenges. “Personal Care and Medical Transport Project will allow for post-release services for these challenged members of our community to begin with no delays due to the lack of qualified personnel

needed for transport.

**FISCAL IMPACT:**

All costs associated with the “Public Safety and Community Violence Reduction Grant/Personal Care and Medical Transport Services Project”, will be afforded by said grant. This grant will have zero impact on the fiscal year budget. DeKalb County Government will receive \$686,400.00 on behalf of the DeKalb County Sheriff’s Office.
