PURPOSE:

Six (6) mowing cycles will be completed during the 2019 (March - November) mowing season to include litter removal, herbicide application and growth regulator, trimming, blowing and edging at 78 of the sites and other sites identified as needed. Due to the size, scope and area proximities of these locations, a multi-award (primary and alternate awards) by group is most advantageous to the County to ensure timely and efficient delivery of services. Seven (7) bids were received.

RECOMMENDATION:
