SUBJECT:

Commission District(s): 2 & 6

Agreement for the Construction and Financing of Sewer Upgrades with Decatur East Phase II, LP for the Payment of \$97,000 to the County.

Information Contact: David Hayes, Director

Phone Number: 770-414-6240

PURPOSE:

To consider approving an agreement for the Construction and Financing of Sewer Upgrades in the Snapfinger model shed with Decatur East Phase II, LP.

NEED/IMPACT:

Decatur East Phase II, LP seeks to enhance the community by constructing 80 senior living residences at 515 E Freeman St, DECATUR, 30030, (the “Project”) and the Project requires upgrading and expanding portions of the existing sanitary sewer infrastructure and lines to accommodate additional discharge of wastewater into the Sewer System. The purpose of this Agreement is for the parties to enter a binding contract evidencing their agreement as to the installation and financing of the improvements for this development. This development will enhance its surrounding community as per section 3 of the County policy for allocating wastewater capacity credits, hence allowing the company to participate in the completion of capacity credit generation. The improvements will consist of upgrades and expansion of certain portions of the DeKalb County sanitary sewer infrastructure and lines servicing the Snapfinger model shed. The improvements will allow for 80 senior

living residences. The County, through its Department of Watershed Management and/or its contractor, will determine those portions of the sanitary sewer infrastructure and lines to be upgraded and expanded and will complete such improvements by November 1, 2023. Completed improvements shall generate 44,400 gallons per day in sewer capacity credits as calculated per DeKalb County's Capacity Assurance Banking Credit Program. No access shall be allowed to the County's sanitary sewer system until the applicant pays the County \$97,000 of the total estimated cost of \$194,000.

FISCAL IMPACT:

The County's contribution is not anticipated to exceed \$97,000.

RECOMMENDATION:

To authorize the CEO or designee to execute the Agreement and all necessary documents in a form acceptable to the County Attorney.
