RECOMMENDATION:

COMMUNITY COUNCIL: Approval

PLANNING COMMISSION: Approval with Conditions per Staff recommendation

PLANNING STAFF: Approval with Conditions

PLANNING STAFF ANALYSIS: Located at an intersection of two major arterials (Turner Hill Road and Covington Highway), the proposed use for automobile fuel sales accessory to a convenience store is compatible with other commercial uses in the area. Along with various retail and business uses along the Covington Highway corridor, there is one (1) other automobile fuel sale establishment within a half mile of the subject site. Located within a Regional Center character area, the proposed use is consistent with the following plan policies and strategies of the 2035 Comprehensive Plan: Create compact mixed use districts and reduce automobile dependency and travel to obtain basic services. Located along major arterials, the proposed use should have little impact on traffic. The Department of Planning and Sustainability recommends **“APPROVAL”** of the SLUP request for automobile fuel sales on the site subject to the following attached conditions:

PLANNING COMMISSION VOTE: 8-0-0. M. Butts moved, A. Atkins seconded for approval as recommended and conditioned by Staff.

COMMUNITY COUNCIL VOTE/RECOMMENDATION: Approval 8-1-0.
