PURPOSE:

Included services: Warming Center operations, food, transportation, case management, and administration for up to 150 unhoused persons in DeKalb County.

The agreement with Frontline covers warming center operations in a 30,000sq ft facility, food, transportation, case management, and administration for up to 150 unhoused persons in DeKalb County. The request will extend services for a period of sixty (60) more days and 60 activations when temperatures reach thirty-eight (38) degrees or below. With approval, the new date ranges of the DeKalb/Frontline warming center operations will be November 1, 2023, to June 30, 2024.
