RECOMMENDATION:

COMMUNITY COUNCIL: APPROVAL

PLANNING COMMISSION: APPROVAL WITH CONDITIONS

PLANNING STAFF: APPROVAL WITH CONDITIONS

PLANNING STAFF ANALYSIS: (REVISED 9/7/18) The proposed SLUP is required to allow the addition of one gas pump. The gas canopy will be extended to accommodate the additional fuel pump. There are no proposed changes to the existing convenience store or the parking lot. The proposed gas pumps will be located no closer to the Columbia Drive right-of-way than the existing gas pumps, and the proposed gas canopy expansion will be no taller than the existing gas canopy or the existing 23-foot tall convenience store. Therefore, it does not appear that the proposed expansion would adversely impact adjacent and surrounding properties. Based on input from the Planning Commission meeting, Staff has revised the recommended conditions to modify Condition #3 and added a condition that restricted uses be put into the rental lease. It is the recommendation of the Planning & Sustainability Department that the application be "Approved, with Staff's recommended conditions".

PLANNING COMMISSION VOTE: APPROVAL WITH CONDITIONS 8-0-0. V. Moore moved, M. Butts seconded for approval per Staff recommendation, with a modification to condition #3, removing this statement: " and shall cut off no later than thirty (30) minutes after closure of the facility. Also, with an added condition that restricted uses be put into the rental lease.

COMMUNITY COUNCIL VOTE/RECOMMENDATION: APPROVAL 8-2-0
