RECOMMENDATION:
COMMUNITY COUNCIL: Approval

PLANNING COMMISSION: Denial

PLANNING STAFF: Approval with Conditions

PLANNING STAFF ANALYSIS: Located near a major intersection (Briarcliff Road and Clairmont Road), the proposed use for automobile fuel sales is compatible with other commercial uses in the area. Along with various retail and business uses along Clairmont Road, there are two (2) other automobile fuel sale establishments (Quik Trip & Chevron) within a half mile of the subject site. Located within a Neighborhood Center Character Area, the proposed use is consistent with the following plan policies and strategies of the 2035 Comprehensive Plan: Create compact mixed use districts and reduce automobile dependency and travel to obtain basic services; organize circulation patterns through traffic calming techniques and access management; and add traffic calming improvements, sidewalks, and increased street interconnections to increase safety and improve walkability. The revised site plan depicts right-of-way dedication to provide a right-turn lane along Clairmont Road to address traffic concerns. Conditions have been added to address right-in and right-only access along Clairmont Road and Briarcliff Road. The proposed commercial development offers a variety of services and provide property upgrades to the existing site. The Department of Planning and Sustainability recommends “**APPROVAL**” of the SLUP request for automobile fuel sales on the site subject to the following attached recommended conditions:
