PURPOSE:

To consider granting a permanent easement to Georgia Power Company for the purpose of constructing a new transmission line located across County owned property located at 2701 Columbia Drive (15 122 02 005).

NEED/IMPACT:

Georgia Power Company desires to acquire an 0.49-acre easement over, under, across and through a portion of DeKalb County owned property located at 2701 Columbia Drive for a proposed transmission line. The permanent easement, if granted, would be used to construct, install, maintain, inspect, operate, repair and replace in and beneath the surface of the Easement Area a transmission line and related facilities and equipment to support Georgia Power Company’s project Austin Drive - Morrow 115 KV (OHGW) Phase 3.

Proposed Easement - 0.49 AC

Attached are survey and easement documents. The County Attorney's Office has reviewed the attached easement and has approved it as to form.

FISCAL IMPACT:

Authorize the acceptance of the \$8,540 payment, which is the fair market value of the easement, (plus closing fees if any) by Georgia Power Company in consideration for the transmission line easement.

RECOMMENDATION:

Recommend approval of the attached easement and authorize the Chief Executive Officer to execute all necessary documents.
