**PLANNING COMMISSION MEETING:** Approval with Conditions.

**PLANNING STAFF ANALYSIS:** The proposed building will enable CHRIS 180 to strengthen its programs, including programs that offer long- and short-term housing for children and youths with special needs. Thus, the proposal is consistent with policies of the 2035 Comprehensive Plan to provide supportive housing for segments of the population with special needs (Housing Policy 7). The zoning proposal is suitable in view of the use and development of adjacent and nearby properties. It bridges the residential use of the homes on the north side of Pine Trail and the office use proposed for the adjoining CHRIS 180 property. The proposed development is not expected to cause an excessive or

burdensome use of existing streets, transportation facilities, or utilities. If constructed in accordance with the recommended conditions, it is not expected to adversely affect the existing use or usability of adjacent or nearby property. Therefore, the Department of Planning and Sustainability recommends that the proposal be "Approved with Conditions".

**PLANNING COMMISSION VOTE: Approval Conditional J. Johnson moved, L. Osler seconded for approval as recommended and conditioned by staff.**

**COMMUNITY COUNCIL VOTE/RECOMMENDATION:** CC3 acknowledged that CHRIS 180 is a good neighbor. A CC3 member reported that the proposal has the support of the Charleston Point homeowner's association.
