

Legislation Text

File #: 2023-0557, Version: 1

Substitute

Public Hearing: YES NO

Department: Board of Commissioners - District 6

SUBJECT:

Commission District(s): All Commission Districts

To approve an allocation in an amount up to \$80,000.00 from District 6 Reserve for Appropriation to FUSE Corps. (“FUSE”) for an analysis/study to be provided to District 6 that will include recommendations, policies and plans, on climate initiatives, including, but not limited to, energy efficiency, electrification and County-wide composting services, and assistance with identifying federal funding opportunities to execute sustainability projects that best serve and improve DeKalb County.

Information Contact: Commissioner Edward C. “Ted” Terry

Phone Number: 404-371-4909

PURPOSE:

This proposed District 6 appropriation supports a FUSE study for District 6. This FUSE study will be conducted by FUSE with the expertise and skill required to drive climate initiatives forward and identify crucial federal funding opportunities.

NEED/IMPACT:

DeKalb County Government recognizes the importance of addressing climate change, promoting sustainability, and mitigating environmental justice.

Multiple studies have shown the importance of improving climate resiliency and reducing carbon emissions to improve public health, especially in regard to respiratory illnesses like asthma. Further, studies have shown it is not enough to simply reduce carbon emissions to improve public health and prevent the worst effects of climate change, but we must now reverse damage that has been done through regenerative solutions such as composting. DeKalb County has opportunities to reduce its carbon footprint, protect and preserve existing natural areas, improve the way biodegradable waste is managed, and create new opportunities for climate resilience.

FUSE is a national nonprofit, founded in 2011 by a group of leaders from the public, private, and social sectors. One of its’ core focus areas is climate and sustainability. The focus of this study will primarily be supporting DeKalb County’s efforts in improving energy efficiency, electrification and County-wide composting strategies.

FISCAL IMPACT:

An amount up to \$80,000.00.

RECOMMENDATION:

To approve the D6 Reserve for Appropriation allocation in an amount up to \$80,000.00 for the FUSE study and authorize the Chief Executive Officer to execute all necessary documents in a form acceptable to the County Attorney.
