Legislation Text

File #: 2019-3687, Version: 1

Public Hearing: YES NO

Department: Public Works - Transportation

SUBJECT:

Commission District(s): 3, 6, and 7

Acceptance of Additional \$140,000 from the Georgia Department of Transportation for the South River Trail Phase V Project.

Information Contact: David Pelton

Phone Number: 770-492-5206

PURPOSE:

To consider accepting and appropriating up to \$140,000 from the Georgia Department of Transportation (GDOT) into project 101503 for construction for the South River Trail Phase V project; and
To consider authorizing the Chief Executive Officer to execute all necessary documents for completion of the project.

NEED/IMPACT:

The South River Trail Phase V project will extend the South River Trail from its current end at Georgia State University - Perimeter College to Waldrop Road. The Atlanta Regional Commission has agreed to provide an additional \$140,000 for construction to be provided to DeKalb County on a reimbursable basis through GDOT. On March 8, 2016, the Board of Commissioners approved accepting \$980,000 in GDOT funds for construction and \$440,000 in GDOT funds for right-of-way acquisition on this project. On October 14, 2008, the Board of Commissioners accepted \$700,000 in GDOT Transportation Enhancement funds for the project.

FISCAL IMPACT:

The additional GDOT funds will reduce the overall SPLOST-funded local match for construction, which will be \$2,065,998.

RECOMMENDATION:

To accept and appropriate up to \$140,000 from the Georgia Department of Transportation (GDOT) into project 101503 for construction for the South River Trail Phase V project; and
To Authorize the Chief Executive Officer to execute all necessary documents for completion of the project.
