**PLANNING STAFF: Approval with conditions.**

**STAFF ANALYSIS:** The proposed hair salon home occupation with customer contact would be compatible with adjacent and nearby single-family residential properties and is not expected to generate any impacts, provided that is limited as recommended in the conditions. It would operate during hours and at levels of customer contact that are comparable to those of other activities commonly found within suburban residential neighborhoods. The home occupation would generate passenger vehicle traffic, with is common in neighborhoods. The proposed use would be consisted with the 2035 Comprehensive Plan Policy 1. Residential Protection - Protect stable neighborhoods from in-compatible development that could alter established single-family residential development patterns and density. Therefore, Staff recommends "Approval with conditions".
