**Public Hearing:** YES ☐ NO ☒    **Department:** Executive Assistant - Chief Operating Office

**SUBJECT:**

**Commission District(s):** All Commission Districts

Acceptance of Georgia Department of Family and Children Services (DFACS) rental revenue and appropriation thereof to various projects specified below.

**Information Contact:** Zachary Williams, Chief Operating Officer/Executive Assistant

**Phone Number:** 404-371-2174

**PURPOSE:**

To accept rental revenue from the Georgia Department of Family and Children Services (DFACS) for the period from September 1, 2013 through June 30, 2018 totaling \$2,174,030.07 and (a) to appropriate (1) \$1,400,000 of those funds for Facilities Management to repair the facilities identified below in order to address significant environmental problems, (2) \$400,00 for Sanitation to fund overtime for residential bulk collection and cleanup in November/December, and (3) \$115,000 for Beautification to fund overtime for litter abatement and routine maintenance and (b) to retain the balance of the funds totaling \$259,030.07 for future appropriation.

**NEED/IMPACT:**

Facilities Management - The lack of air flows (HVAC equipment issues), presence of high levels of humidity (HVAC controls driven) and penetration of moisture into the building (roof leaks) over time contribute to creation of environmental concerns which can lead to respiratory problems, allergies and other medical issues in the employees who occupy those buildings if unabated. Project work will include HVAC System Equipment, HVAC Controls, Reroofing

and Remediation.

Sanitation - Overtime will be needed in order to provide the services related to one more round of residential bulky items collection.

Beautification - Overtime will be needed in order to provide additional litter abatement, mowing and tree trimming by a contracted vendor.

**FISCAL IMPACT:**

Appropriation of DFACS rental revenue resulting in a net budget impact of zero dollars as follows:

<u>Sanitation</u> - estimated hours of overtime	400,000
<u>Beautification</u> - estimated hours of overtime	115,000
<u>Facilities</u> - Repairs to buildings listed below	<u>1,400,000</u>
Total	<u>\$1,915,000</u>

Medical Examiners Facility  
Records Building  
1950 West Exchange  
South Precinct  
Tucker Police Precinct  
West DeKalb Health Center  
Fire Station #24  
Mold Assessment @26 Fire Stations

**RECOMMENDATION:**

Accept DFACS rental revenues; appropriate as specified in detail above (1) \$1,400,000 for Facilities Management, (2) \$400,000 for Sanitation and (3) \$115,000 for Beautification; and retain \$259,030.07 for future appropriation.
