PURPOSE:

Consists of providing design and engineering services during pre-construction, construction, and postconstruction. Services will include, but are not limited to, preparing the Basis of Design Report (BDR); drawings; specifications; permit applications and supporting documentation to obtain all necessary permits; and coordination with regulatory agencies and utility companies. These design and engineering services,

to support

the upsizing of the trunk sewers, will contribute to the reduction or elimination of future sanitary sewer overflows (SSO) in compliance with the Consent Decree mandates. Eight (8) proposals were received.

On December 14, 2021, the BOC awarded Agenda Item 2021-3248 as a substitute. A review of the records indicates the recommendation from PWI was to award 2021-3248 without a substitute. This request is to:

1. Rescind the award of 2021-3248 substitute.
2. Award RFP 21-500567 as originally stated in 2021-3248 and herein.
